

High School Team To Play Sams Nine

The Jacksonville high school boys baseball team, coached by W. J. Nee, will play its first game of the short season Friday afternoon with Sams Valley high school on the local diamond.

Mr. Nee reports a lack of equipment and players because of the inauguration this week of the American Legion junior league, which will draw much of the available material from school athletics. However a brisk schedule has been lined up and the following week, on May 3, Eagle Point will journey here for an encounter. May 6 the Jacksonville schoolers will go to Sams Valley for a game and on May 13 they will drive to Butte Falls for a game there. May 19 Jacksonville will play Eagle Point at Eagle Point, and the final game, May 20, will be played on the home diamond with Butte Falls.

BRITISH SPEED UP TRAINS

The British are speeding up their trains. The crack trains between London and Scotland now travel at a schedule of 70 miles per hour. American fast trains also have been speeded up, to offset increasing facilities for fast travel by air.

NEW TYPE COTTON

As a result of experiments at the University of North Carolina a new type of cotton has been produced which it is claimed can be sown and mown like grass and readily converted into cellulose. The bolls of the new plant are said to be 90 per cent pure cellulose.

POLITICS PERSONIFIED

There are just two things for which the present bumper crop of political candidates are famous, and The Miner, with the expert aid of Verne Shangle, staff photographer, has secured dainty portraits of both of them.

APPLEGATE CLUBWOMEN TO HOMEMAKERS' PROGRAM

Several clubwomen of the Applegate expected to attend the session of the County Homemaker's day at the First Christian church at Medford Wednesday, April 27.

The meeting was to be for home extension members of the county who would assemble to measure the progress in extension work during the year and to form plans for next year's activities. Miss Claribel Nye of Corvallis, state leader of home economics, expected to be present for the day, which was to be filled with an interesting program. Mrs. Lee Port expected to act as chairman of the child development project. A covered dish luncheon was planned for noon.

The Applegate extension unit will hold their next regular meeting Tuesday, May 3. The meeting will be held in the afternoon, and new officers will be elected for the coming year.

CALL FOR BIDS

The Board of Directors of School District No. 1, Jacksonville, Oregon, will receive bids for transportation of school children outside of city and within the district No. 1, also a bid on transportation of high school students from Griffin Creek. Separate bids for each route are required. Said routes will be same as at present.—Nellie W. Fick, Clerk of School District No. 1.

CALL FOR BIDS

The Board of Directors of School District No. 1, Jacksonville, Oregon, will receive sealed bids up to May 15th, for 50 cords of body fir, to be delivered by August 15th. The board reserves the right to reject any or all bids.—Nellie W. Fick, Clerk of School District No. 1.

CALL FOR BIDS FOR JANITOR

The Board of Directors of School District No. 1, Jacksonville, Oregon, will receive sealed bids for position of janitor in said school for period of 12 months. Bids to be in by May 15th.—Nellie W. Fick, Clerk of School District No. 1.

NO PASSING DEPRESSION

Commenting on the fact that a vastly increased power of production has piled the markets high with goods and services which the people cannot buy, the periodical Labor says, very truthfully, "This is not a passing depression. It is the stormy dawn of a new age."

Car Overturns; Coffmans Hurt

A broken breast bone, which is feared to be piercing the lungs, and three broken ribs are the injuries sustained by Ira Coffman of Ruch when his truck overturned on him a mile from his home late Sunday afternoon. His nephew, Ed Coffman of this city, who was riding with him, was thrown from the truck and also received cuts on the head and nose. Both were taken to the Sacred Heart hospital immediately by Everett Wommack, and were attended by Dr. Charles T. Sweeney. The younger man was expected to be able to leave the hospital this week.

The accident occurred as the men were traveling down a hill and the clutch or brake failed to hold. The elder man was pinned under the car, which had to be jacked up before he could be released.

MAY OPEN CRATER PARK GATEWAY THIS SUNDAY

It is probable that Crater Lake national park can be entered through the Medford entrance next Sunday, thereby affording southern Oregon people their long desired opportunity to visit the park through its deep snow and see the famed lake in winter setting.

The possibility depends on how much new snow falls in the park between now and Sunday. If too much does not fall the park snow plow, which is working on the entrance road inside the park, will meet at the Medford entrance the state highway snowplow, which is working toward the same goal, outside the park from Union Creek. The park plow is working in eight feet of snow and the state highway plow in about six feet.

TWO-THIRDS SEEK WORK

Kiowa county, Oklahoma, decided to do some relief work graveling highways, and when the announcement was made that the work would be done two-thirds of all the heads of families in the county applied for employment. The county is one of the richest agricultural counties in the state.

CLASSIFIED ADS

Cent a Word Each Insertion

WANTED—Cash, and lots of it, in exchange for groceries at Alf Norris' Cash Store in Jacksonville. Doors now open.

FOR SALE—125 tier 16-inch fir, oak, laurel and pine wood on the ground at a bargain if taken at once; will deliver. A. T. Norris, Jacksonville.

TOOLS SHARPENED and light blacksmithing, all work guaranteed. See J. S. Fewel, Jacksonville.

FOR SALE OR TRADE—Light wagon, practically new, had very little use. For further information see Charles Horn, Jacksonville.

THIRD, FOURTH GRADERS TO ASHLAND THURSDAY

Miss Lillian Spar, third and fourth grade instructor of Jacksonville public schools, took about 30 of her 40-odd pupils to Ashland Thursday of this week to participate in a musical festival sponsored by the Ashland normal school.

Schools throughout the county participated and the third and fourth grade rhythm band of Miss Spar held a prominent place in the entertainment features of the large gathering. The rhythm band is made up of various instruments, sticks, drums and in fact anything that will make a noise, sound of click. Rehearsals had been held prior to the festival and the children were skilled in their unique exhibition.

THE SURVIVORS OF CHAPEL

When the survivors of Chapel found their way back to their ruined city the Japanese had made such a complete wreck of the place that many of them were unable to find even the streets where their homes used to be. They are reasonably reported as having been stunned by their losses, but ere long were probing in the ruins, trying to find something wherewith to make a new start in life. What a sad thing, and what a devilish thing, is the "disturbed condition in eastern Asia," Japan's new name for war.

MILITARY STATISTICS

France has 2849 war planes; Japan has 1929; United States, 1742; Britain, 1434. Britain still rules the waves. Military expenditures of the world in 1925 were \$3,497,000,000; in 1930 they were more than that vast sum by \$629,000,000. These statistics are by the League of Nations.

POSTAL SAVINGS INCREASE

In but little more than a year the deposits in postal savings banks have increased four-fold, being now over \$600,000,000.

PARTING MESSAGE

A colored minister in a certain town in Alabama took permanent leave of his congregation in the following manner: "Brothers and Sisters, I come to say good-bye. I don't think God loves this church, because none of you ever die. I don't think you love each other, because I never marry any of you. I don't think you love me, because you have not paid my salary. Your donations are mouldy fruit and wormy apples, and 'by their fruits ye shall know them.' Brethern, I
