The latest news in the progress of The Miner is the fact that it is going to comprise a book. Anyway, that is the plan of an Applegate subscriber, who expects to save the 52 issues of the year's subscription, sew the papers together, and thus preserve a chronicle of the doings of local folks.

Bert Harr, Applegate's page editor and politician, who resides near Copper, was down in the lower valley Friday on track of a bean planter and visiting friends while en route. He aired his views on numerous subjects, including The Miner and other weighty topics, and displayed his weakness for pie.

Hermon and Tittle, Eugene contractors who had leased 30 acres of the Venable ranch below Ruch and had started extensive prospecting, removed their machinery last week to Klamath county in the Tule Lake vicinity, where they have a contract to dig a drain. Mrs. A. T. Norris, who has been residing on a new homestead at Tule Lake, Calif., spent the weekend with her husband in this city, returning Tuesday morning to the ranch, which adjoins right-of-way of the new G. N.-C. P. railroad recently completed through that country. It will be necessary for one of the couple to live on the homestead six months.

Of interest to Applegate people is the return to Medford of Mrs. Beldon Block, formerly Miss Twila Rader, who taught at the Applegate school in 1929. Mrs. Block, with her husband and mother, Mrs. A. N. Soliss, who have resided at Los Angeles for some time, are living at Mrs. Soliss' home near Phoenix. They hope to remain definitely in Rogue river valley.

Tengwald, United States commissioner for the Medford district, has caused much comment and stirred no little interest in Jacksonville since, through special arrangement with the creator, The Miner placed copies of sheet music on display at the Nugget confectionery here. The "Crater Lake Waltz" sells for 35 cents a copy and mail orders sent to box 138 will be filled promptly.

The week special offered by The Jacksonville Miner, enabling readers new and old to subscribe at half price, was responded to in surprising numbers. More than 50 yearly subscriptions were added to mailing lists of the paper. It is such wholehearted support on the part of Jacksonville, Ruch and Applegate people which spurs The Miner on to greater accomplishment and the attainment of even better service to its readers. We thank you.

The Saturday night dance held in the old U. S. hotel each week in this city has been back on 1929 prosperity standards the past few weeks, according to H. H. Farley, floor manager. Not only has the excellent music built up crowds but the general liking for Jacksonville itself has been instrumental in growing popularity of the festival. As an inducement to earlier arrivals, first 10 couples each evening are admitted free. One of the outstanding changes in attendance of late has been the willingness of dancers to compete for the gratis passes, filling the hall shortly after the 9 o'clock opening. Last Saturday's gate receipts reached the highest mark this year.
