"LET GEORGE DO IT" (EDITORIAL)

Who is admired when he is participating in athletics or games? It's really the fellow who plays the game and plays it fairly. It may be on the athletic field or in the school room. What has a student gained if he copies from the other fellow? The answer is "nothing." The copied answer may be wrong and then the copyst has not even the advantage of thinking for himself. Of course you may get a little better grade, but do you have a better knowledge afterwards? "Let George do it" isn't the game it used to be. Therefore, the person who tends to his own business is the most respected.

WORK STARTED ON REMODELING OF GYM

With a bang! bang! bang! work started Monday on the remodeling of the Jacksonville high school gymnasium. There is to be a new inner ceiling and a basement is being excavated. The government provided \$1265 to be used as wages and the school district is providing the material. This will be quite an improvement and a much needed one. The work will probably run six weeks or more.

ENROLLMENT RECORD SMASHED

How many students are enrolled in the high school? There have been many wild guesses and a few good estimations in answer to that question. To be exact 99 students are now enrolled; 47 boys and 52 girls. More students have enrolled this year than last year. There are 33 freshmen, 32 sophomores, 20 juniors and, last and least, 14 seniors.

MUSICAL PROGRAM GIVEN

A musical program for the P.-T. A. was held Friday in the high school assembly. The grade school students sang songs. Three songs from the primary room were "The Apple Man," "The Airplane," and "The Broom." Other songs coming from the grades were "Winds," "September," and "The Magic Boat" by the third and fourth grades; "Juanita" and "Pop Goes the Weasel" by the fifth and sixth grades; "An Old Legend" and "A Farewell Song" by the seventh and eighth grades.

GLEE CLUBS ORGANIZED

The high school glee clubs, which were organized last week, elected officers in their respective groups. The boys elected Russel Ayers president, Wayne Martin, vice pres-

ident, John Nunn secretary-treasurer. The songs that they are working on are "Mah Lindy Lou" and "On the Road to Mandalay." The girls elected Madeline Metzgar president, Eleanor Clark vice president and Alice Walton secretary-treasurer. Songs that they are working on are "Chinese Lullaby," "Stars of the Summer Night" and "Neopolitan Nights." Both groups are working on "Romeo in Georgia."

GRADE NEWS

Clarence Surber of the first grade was taken ill Saturday. He was rushed to the hospital where he was operated on Sunday morning for appendicitis. He is reported getting along rapidly.

Reading work-books for the first and second grades have arrived. All the children are delighted at having something novel to work on.

FOOTBALL SQUAD LINING UP

According to Mr. Hunsaker, the high school football squad is in line for quite a season. Tuesday night after school the boys scrimmaged with Medford Junior high at Medford. This afforded the squad a chance to work out on Medford's tackling dummy.

Next Saturday afternoon the boys will play Ashland for a hoped for victory. They also have six other games on schedule.

Last week the turnout for practice comprised a large number, but since the "tough" play of Friday evening it has somewhat decreased. Coach Hunsaker is hoping for a better turnout than was witnessed Monday.

FOUND IN THE DIGGIN'S

Tattle tale, tattle tale, who's a tattle tale? ... One of the senior girls with a "beau catcher" on her dress ... We certainly do wish that students wouldn't run up and down the stairs ... It certainly would help if some of the students would practice using a few manners now and then ... The student who has no time for study was probably born tired and has never recovered ... "You can tell a senior, but you can't tell them very much" ... A junior trying to master the art of concealing his ignorance ... A big little freshman seen mistaking notoriety for fame ... Mr. Nee: We breathe oxygen every day, what do we breathe at night? ... Health Student: Nitrogen ... It's funny how some freshmen get "stuck up" so soon ... Have you heard the boys glee club lately? You ought to tune in ... Boys, returning from scrimmage, minus some of their epidermis.

The quints are of slight concern to the typo, who uses quads to fill out the line.—Weston Leader.
