

SUMMER TERMS AT SONS START NEXT MONDAY

The 12 weeks summer session will open at Southern Oregon normal in Ashland June 10. The session will be divided into two equal terms, the work complete in each.

President Walter Redford announced that the work offered during this 1935 summer session at the normal has been carefully planned for those who are completing their work for graduation, for those who wish to take regular courses for educational and professional self-improvement, and for those who wish to take a two weeks special course for educational and professional self-improvement, and at the same time, earn sufficient credits to satisfy the reading circle requirement of Oregon.

In addition to regular courses there will be offered a number of special courses which will be of value to teachers in service. A course in the teaching of geography and social sciences in primary and intermediate grades will be offered by Mrs. York of the Colorado state teachers college at Greeley, where she specialized in this field of study for her master of arts degree. "The Dramatic Workshop," under the direction of A. L. Bowmer is another course of special interest to teachers who wish to better prepare themselves for dramatic work in their respective schools and communities. Special courses in music will be offered for those interested in this work and wish to improve themselves in it. Special courses in both physical education for men and women will be offered for those who are interested in the new movement in physical education in Oregon.

During the first six weeks of the summer session Mrs. Jesse Seese, who has just completed her work for the master of arts degree at teachers college, Columbia university, will conduct an observation room at the Lincoln training school. This room will be open to observers at all times during the session. Rural teachers will be particularly interested in this work because the teaching situation will be as nearly as possible that of the rural school, and the methods used will be those that have been tested by the leading educators at teachers college.

In addition to the work outlined above, there will be special work in penmanship under the direction of a specialist in this field. Tennis and swimming for women will be given under the direction of an instructor trained and experienced in this work.

Sons Alumni Pick Mrs. Swedenberg As New President

The annual picnic held each year at the old normal school grounds for members of the alumni was given Saturday, June 1, with about 60 present. Due to the absence of the alumni president, Mrs. Rosa Dodge Galey, first vice president Kathleen Silver presided over the meeting at which the following officers were elected to serve for the coming year: President, Mrs. Olive Swedenberg; first vice president, Fred Peterson; second vice president, David Adamson; third vice president, Lyle Ashcraft; fourth vice president, Mrs. Mary Fulkerson; fifth vice president, Howard Varney, and secretary-treasurer, Homer Billings.

Speakers for the occasion were introduced by Roland Parks, toastmaster. The first was Mrs. W. E. Warren of Tolovana Park, Oregon, class of '88. Others were Lincoln Savage of Grants Pass, class of '96; Percy Wells, class of '97; Mrs. Alice Peil, teacher in the normal school in '99, and John Fuller, with responses by Mrs. C. C. Hartley who, with Joe Hartley, comprised the only mother and son members of the meeting, Vincent Barrett, '31, and Eunice Coats, '34.

The picnic dinner served by the Plaza cafe, arranged by Prof. Loren E. Messinger, was brought to a successful close by a short talk given by Dr. Walter Redford, president of the Southern Oregon Normal school.

Alpha Tauri Club Banquets At Lithia

Thirty-five members of the Alpha Tauri club met at the Lithia hotel Friday evening for the annual banquet of that club. The 35 people included members of casts of all plays which Angus L. Bowmer has directed during his four-year sojourn at the normal school. Entertainment for the evening was furnished by two reels of pictures taken campus day, shown for the first time, and initiation of the following new members: Wanda Aldrich, Marion Frost, Ray Lewis, Betty Dean, John Harr, Ed Butze, Norma Mansfield, Dorothy Jackson, Jimmy Foster, Frank Fleet, Winifred Roseborough, Merrill Gunter and Dorothy Lee.

Officers elected for the next year were: President, Jimmy Foster; vice president, Dorothy Lee, and secretary-treasurer, Nellie Breedlove.

Faculty advisors for the occasion were A. L. Bowmer, Miss Marion Ady, Miss Lucille Burtis and Mrs. Lois Bowmer.

June 10-15 Set As 'Railroad Week' By Governor Martin

Acting in unison with governors of most of the states west of the Mississippi river, Governor Charles H. Martin of Oregon has set aside June 10-15 as "railroad week," and in a statement just released urged citizens of the state to honor western railroads "for their continued pioneering."

The governor's statement follows:

"The state of Oregon has been served for many years by the following railroads, Great Northern, Northern Pacific, Oregon Electric, Spokane, Portland and Seattle, Southern Pacific and Union Pacific."

"These railroads have played a very vital part in the lives of our people and have paid, and continue to pay, large sums in taxes. They have furnished employment for many persons."

"They have joined with other western railroads in reducing basic fares and sleeping car charges and in air-conditioning all principal passenger trains."

"All these things have meant lowered cost and improved travel service to the traveling public."

"The governors of western states have asked that the public pay honor to western railroads for their continued pioneering and the governor of Oregon joins them in asking Oregon citizens to observe "railroad week" from Monday, June 10, to Saturday, June 15, 1935."

In sponsoring "railroad week" 27 railroads of the west are marking the completion of a vast program of modernization of railroad equipment and service. More than \$19,000,000 has been spent by these lines during the past six months in the air-conditioning of principal trains and other millions have been spent for new equipment, faster schedules and other improvements. At the same time, railroad executives point out that railroad fares and Pullman fares have been reduced. A committee of Oregon railroad men headed by J. A. Ormandy, general passenger agent of the Southern Pacific company, Portland, is making plans for commemoration of "railroad week" in Oregon.

MASONS VISIT MEDFORD
Among members of the Ashland Masonic lodge attending a meeting of the Masters and Wardens association of this order Monday evening in Medford were R. W. McNeal, who was elected president for the forthcoming year, W. H. McNair, A. J. McCallen, Jack Bearss, John Daugherty and Dr. R. L. Burdick.

What a good many Americans need is new homes, but what they want is new cars.—Weston Leader.
