

## PACIFIC INTERNATIONAL WILL CELEBRATE SILVER ANNIVERS'Y.

Above is shown an aeroplane view of the present vast quarters of the annual Pacific International Livestock Exposition located on the outskirts of Portland. Eleven acres under one roof.

In 1911—twenty-four years ago—the Pacific International Livestock Exposition was founded by the Portland Union Stockyards company, with William H. Daugherty, president; O. M. Plummer, secretary-treasurer and D. O. Lively as general agent, backed by Swift and Company.

These men of vision saw immense possibilities in such an enterprise, and this year the Pacific International celebrates its silver anniversary October 5 to 12 in Portland, Oregon. O. M. Plummer has been with the organization from its beginning and today is general manager.

Each succeeding year has seen a gradual growth of this outstanding western event until today it is ranked as one of the finest of its kind in America.

Early indications are that this year's silver anniversary will be an even greater show than in past years with a record-breaking attendance.

Of interest to all visitors at the Exhibition will be the extensive Industrial display—much space has already been reserved and officials are confident that this year will exceed all others both in number and in size of displays.

The display of fish and game by the State Game Commission

the Dairy Products, and Truth in Meats Exhibit, as well as those arranged by the several counties in the state, are always of interest.

The usual livestock exhibits, including dairy animals, beef cattle, swine, draft horses, sheep, poultry and pet stock, wool and mohair, will prove not only interesting but educational to all visitors.

Officials have arranged to repeat the Horse Show and Rodeo again this year. This colorful event is becoming more popular each year of the Exposition.

Only ace riders of the rodeo world and open range have been invited to participate by McCarty and Elliott, managers of the Rodeo who are bringing their string of famous outlaw broncs, Brahma steers and tough necked long horns.

Keen competition is assured by the offer of liberal cash prizes for bronc riding, bareback riding, bull-dogging, Brahma steer riding, and other events.

The combined Horse show and Rodeo will be held in the indoor arena of the Pacific International pavilion. Both afternoon and evening performances are scheduled.

## Parents Asked To Help Check Spread Of Scarlet Fever

A warning has been issued by Dr. Harvey A. Woods, city health officer, to parents of school children, that three cases of scarlet fever have been reported in Ashland, and their cooperation is asked to help avert an epidemic.

The disease, says Dr. Woods, first evidences itself with vomiting, fever, and sore throat, and an erythematous rash breaks out on the neck, spreading rapidly to other parts of the body. Parents are advised to keep their children at home as soon as such symptoms are discovered, thereby preventing spread of the disease to other children.

The condition here is not alarming, says Dr. Woods, and precautionary measures taken now will keep the disease from becoming epidemic.

## National Youth Local Workers Making Survey

At a meeting held Wednesday afternoon the Ashland committee on National Youth administration initiated its program of projects for aid to deserving youths in this area, the main form of such aid being to college and high school students.

A number of other community projects, especially such as pertain to training of youths, are being considered by the committee. A survey is being made of those eligible in this community for the youth administration aid. Dr. Walter Rexford is chairman of the committee.

## Deer Season Will Open September 22

Deer hunting season will open here on September 22, according to the Oregon game code, prepared by the Oregon State Game commission.

Two black tail deer, or one mule tail deer, is the limit, under Oregon law. The deer must have forked horns. Spike deer are not lawful to kill.

The season will close October 25. According to best information received here so far, there are numerous deer in the high places away from CCC camps and road crews.

Fred Sturgis of Elk Creek reports quite a few deer up around Sugar Pine, and ranchers from Applegate report lots of sign there.

From all indications, deer hunting will be about as good as last year, as far as quantity of deer is concerned.
