Norge Products On Display at Elhart Store

New Norge products now on display at the Elhart Store show many improvements over last year's models, embodying new beauty, convenience features and use savings. This local concern, in company with other Norge dealers is staging a Norge national show week March 16 to 21 in which many educational activities in relation to the proper use of refrigerators, washers and ironers are being featured.

"The 1936 line of Norge Rollator refrigerators," said Mr. Elhart of the dealer company, "consists of nine basic models, each carefully engineered to meet the expressed desires of the housewife. The five top models are available in either porcelain or the improved Norgloss lacquer which has been so perfected as to make it difficult to identify from porcelain.

"The convex construction of the new Norge refrigerator adds a final touch of perfection to the Norge cabinet, which admittedly sets a new style standard for the refrigeration industry. Adjustable shelves have been further improved. There is a greater latitude of 'individual flexibility' which provides greater convenience to the particular owner in relation to family size and use. An innovation is a sliding utility basket for storing fruits and vegetables; revolving containers on a circular track are optional equipment. In addition there are a number of exclusive and original convenience features that have all been improved. All models are super-powered with the famed Rollator mechanism, a marathon unit of which has already run more than the equivalent of 37 years of household use and is still as efficient in its cold making power and operative economy as when started.

"The Norge line of electric washers consists of five basic models, two of which are also available gas powered. The outstanding Norge washer feature, the Auto-built transmission, is present in all models this year. Tubs are constructed of refrigerator porcelain. Such exclusive features as the featherbare agitator, whose efficiency moves more gallons of water per second without motor strain; the system of 'quietors' which absorb normal wear and assure quiet operation over more years of ef-

Historic Gal!

Marian Rodgers, of Dallas, is the great-great-grand daughter of a Texas soldier who died in the famous "lottery of beans," after the battle of Mier in 1842. Of the 176 Texans captured by the Mexicans, 17 drew black beans from an earthen bowl and were shot to death, 159 drew white beans and were sent to a Mexican prison. Miss Rodgers, whose grandfather, Horace Isa Houston, was a first-cousin of Gen. Sam Houston, is a representative for the Texas Centennial Exposition opening in Dallas June 6.

icient performance are, likewise, featured in the 1936 Norge washer line. "During the week these Norge products will be on display and crowds of local homemakers are taking advantage of the many educational demonstrations that are being featured at our store," Mr. Elhart concluded.

Mr. and Mrs. Ray Welch of Weed, Calif. were guests Sunday at the home of Mr. and Mrs. L. E. Lusk.

I'll drive you to CALIFORNIA - SAFELY!

Other highways are often slippery and dangerous in winter. But steel rails are always safe, the smoothest, safest highway in the world. This winter, let our engineer drive you swiftly, comfortably to California. Rail fares are so low nowadays every traveler can afford to go this way. For fares and details, see your S.P. agent, or write J.A. Ormandy, Gen'l Passenger Agent, 705 Pacific Building, Portland, Oregon.
