My Neighbor Says:

To flatten cookies, use the broad side of a knife which has been dipped in cold water.

When potting cactus plants do not use too small pots. The spines are apt to catch and plants become uprooted.

When frying doughnuts turn them but once and it takes about two minutes for them to cook. For a variety in shape, cut dough into thin strips and tie in knots.

If dirt becomes ground into a waxed floor moisten a cloth with turpentine and rub the turpentine well into the floor until the wax is removed, then wash the floor anew and polish it.

When making an egg frosting add half an eggshell of water with a pinch of salt and cream of tartar when the whites begin to froth and you will considerably increase the quantity of frosting.
