Once Deaf—Now Helps Others Hear

The prescription of a Vienna ear specialist has been brought to this country by Charles Foucek, a well-known Chicago druggist, who was once deaf but who cleared up his condition through this prescription. Through him thousands of other sufferers have tried this formula and secured amazing relief from head noises, ringing and buzzing in ears, earache, and are now able to hear more distinctly. This prescription called Ourine, costs only a few cents a day—your money back if not delighted. For sale by McNair Bros., the Rexall store.

Nininger's Cafe Into Threes of Redomeling

If the hustle and bustle of decorating, painting and general remodeling can be any criterion, Nininger's cafe should be a thing of beauty and joy for some time for the local epicure when the grand opening takes place Saturday, the 19th.

Partitions are being torn out by the roots, booths are being rebuilt, floors are being sand-papered and recovered and the whole idea seems to be out with the old and in with the new!

A. C. Nininger, the owner, will again manage the cafe, which has been leased for the past two years. "Poke" is an efficient and exper-

enced restaurant man and his friends are complimenting his return to active management of the entire store.
