BELLVIEW

The Bellview Home Extension unit met Monday afternoon at the club house. The report from the county agent's office was given by Miss Helen Thomas in place of Mrs. Mack, who was unable to attend. The year's report for the local unit was given by Mrs. Jacks. Mrs. I. C. Williams of Talent installed the new officers who were Mrs. Carl Henry, chairman; Mrs. Val Inlow, vice chairman; Mrs. George Helms, secretary.

Mrs. Chester Applegate, Mrs. J. E. Gowland, Mrs. Inlow and Mrs.

Twin Babes Arrive at Same Instant

The most unusual birth within the memory of Los Angeles physicians occurred in Doctor's hospital, Los Angeles, Calif., when Mrs. Mildred Reubin bore identical twins described by attending physicians as "interocular twins." It is said such a delivery occurred only about once in 50,000 cases of childbirth. Photograph shows Nurse Florence Jones holding the twin girls weighing 6 and 6½ pounds, respectively, who were born at the same instant.

LETTERS to the Editor

To the Editor:
P. T. Barnum said a sucker was born every minute, and it seems as if some minutes there are two when so many people are so easily misled by the propaganda published by the paid press. People have become so accustomed to having all their thinking done for them by the subsidized press that they can hardly think at all for themselves. There are many of them incapable of doing any serious thinking, they are in such a rut.
This rut has been prepared for them for ages by the powers of finance, aided and abetted by the editors, until the rut has gotten so deep that they cannot even see out when the way is shown them.
The most simple remedy imaginable is the general welfare act (house record No. 4199) containing the two per cent transactions tax. None are so blind as those who will not see. The light is especially vivid to those who want to see and try to see.
There is another saying of P. T.'s "You can fool part of the people all of the time, all of the people part of the time, but not all of the people all of the time."
Some are getting enlightened, others have been for some time, and the rest are indifferent or stubborn.
Get wise. Inform yourselves. There are several good methods.

Seven Musicians Get Awards Saturday

A contest sponsored by the fourth district of the State Federated Music clubs was brought to a successful close May 22 when 39 contestants played in the auditorium of the Southern Oregon Normal school to decide winners in several classes.
Excellent playing and unusual talent was heard, the awards going to the following: Unchanged voice, Donald Bayless, Ashland; soprano, Hope Hammond, Medford; contralto, Eleanor Poffenbarger, Medford; violin, class B, Harlelee Wilson, Ashland; piano, class A, Arthur Jones, Medford; class B, Marilee Erwin, Ashland; class C, Joan Whitmore, Ashland. No awards were made in the other classes as it was necessary to make an average of 85 per cent to qualify. The awards were felt letters of the treble clef and a year's subscription to the Junior Music club magazine which were presented by Mrs. Swedenburg. The awards were made possible by the DAR, American Legion and Ashland Music club.
The contest was managed by Mrs. Ernestine Hartley, acting chairman for the fourth district. She was assisted by members of Pro Musica, normal school honorary music club which was host to contestants. Chairman of judges

was Lucie Landen, who has judged similar contests for the South Atlantic district, Alabama and Michigan.

Judges included Mrs. J. C. Collins, chairman, Medford, Mrs. Otis Strohmayr, Medford, and Robert Dodge, Ashland; Lucie Landen, chairman of violin division; Carlton James and Floy Young, Medford; piano, Mrs. Rawles Moore, chairman, Medford; Majorie Scott and Margaret Ramsey, Ashland.
The contest was brought to a close with a reading of the purpose: "Not to earn a prize, nor defeat an opponent, but to pace each other on the road to excellence."

Oregon's Traffic Toll

A Series of Weekly Articles on the Problem of Highway Safety by EARN SNELL, Secretary of State

DO YOU KNOW which class or group of drivers are causing most of the traffic accidents in Oregon?
Don't make the too common mistake of blaming Oregon's traffic accident record upon any particular group of drivers or upon any particular cause. It is not the road, because 76.2 per cent of fatal accidents occur on dry roads, and 87.6 per cent with the car going straight ahead. It is not the weather, for 76.2 per cent of fatalities are recorded on clear days. And the responsibility can not be placed with any small group of drivers.
An average of 261 persons met death in California each month last year. After a comprehensive survey of these accidents, the California bureau of vital statistics finds that "it is the thoroughly experienced, often well-trained and able driver who has been well qualified in a driver's test, but who, in a moment of capricious experiment or an instant of neglect, figures chiefly in our growing mortality totals. Out of 12,000 drivers involved in accidents in 1936, over three-quarters of them had eight years or more of driving experience, and never a previous accident. The crux of the whole problem lies here: how to keep a good driver good."
Training, ability to handle a car, good roads and weather are not the major factors in safe driving—it is the driver himself.
