When you go East thru California you may ride such celebrated trains as the new deluxe Cascade; the million dollar Daylight; the streamliners, City of San Francisco or Forty-Niner; Sunset Limited; the new coach-tourist Californian and many another fine, fast train between California and the East over our Four Scenic Routes.

But superb trains are not all—you can include San Francisco and Los Angeles on the going or returning journey for not one

cent more rail fare than a trip straight East and back (to most points). When you go East-thru-California you double the variety and interest of your trip, ride famous trains, see twice as much scenery, twice as many places and have twice as much fun. Here are examples of roundtrip fares from most western Oregon points:

First Class Tourist Coach CHICAGO \$86.00 \$68.80 \$57.35 Correspondingly low fares to most other Eastern destinations.
