A Morning Glass

If you're a good health follower, and cleanse your system mornings with a glass or two of hot water, I'm ready for you with water clear, fresh and as hot as you like it.

Care of Baby

I am always ready for the baby's bath. And I'm equally ready with plenty of hot water for keeping baby's clothing fresh and comfy. I keep floors and woodwork clean and germ-free.

Healthful Bathing

From the cleansing, stimulating morning bath that revives sleepy-heads to the tepid bath at night which leads to deep slumber, I keep every member of the family "in the pink."

In The Sickroom

And when illness comes, I'm indispensable. I'm always ready for the invalid's drinking water and medicines for compresses, bathing, cleansing of bed linen, towels. I never fail.

Hot water
is my
specialty

I am always "Johnny on the spot". I'm as quick as you can turn the faucet. I am never tired or caught napping. I am the continuous hot water heater. Next only to the furnace, I am the greatest modern convenience in the home, and unlike the furnace, I serve the year round. Best of all, my unfailing service may be had for a few pennies a day!
