Install Modern Gas Heating Under your FHA LOAN

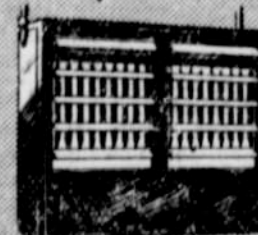

Before you complete plans for that new home (or remodel your present home) we invite you to make a thorough investigation of gas heating. *You really owe this to yourself and family.* We shall gladly cooperate with your architect or builder; or review your plans and supply free engineering service and estimates. ★ Remember—gas is the *quickest* of all fuels, assuring speedy results on cold mornings. ★ Remember too that gas heating is *clean*; no fuel to carry in, no ashes to carry out; no smoke or soot to soil walls, drapes and furnishings. ★ Then—there's no work with gas heating; it's *carefree*. Just set a thermostat or touch a button. Healthful, dependable comfort is always "on tap." ★ Finally, there's the *economy* of gas—with today's perfected appliances (some of which are illustrated) and our attractive, low heating rate combining to give you *the most for your money*. ★ Permanent installations of gas appliances can be included in your FHA loan. "Terms to suit your purse" are available on all types.

SPECIAL OFFER TO AID BUSINESS AND EMPLOYMENT

To create summer work and assure you of unhurried service, we offer to install your gas heating equipment now *with no payment of any kind until October 1*. Drop in at our office or 'phone today for any heating information desired. No obligation to buy.

*Modernize, Economize
with Gas*

Gas "Wall Heater" — Especially popular for business offices, factories, garages, etc. May be suspended from ceiling if desired. Circulates healthfully-clean, warmed air in great volume for quick results and all-day comfort.

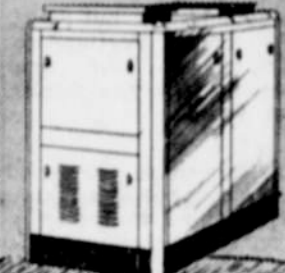

Gas Circulating (Cabinet) Heater — One of the most popular models for heating small homes, or separate rooms in larger homes. Available in artistic styles and color finishes to harmonize with decorative schemes. Circulates the air as it is heated. Manual, semi-automatic or full automatic control.

Gas Radiant Heater — In several styles and sizes. May be installed in fireplace or elsewhere. Gives off a cheerful, colorful glow, as well as quick heat. Also made in combination with circulating heater.

Gas Floor Furnace — Available in either standard "gravity" or new forced air type; and with manual or semi-automatic (push button) or full automatic (thermostat) control. ★ Ideal for small homes requiring heat in from one to four adjoining rooms. Economical to operate and highly efficient.

Modern Payne "Forced Air" Central Gas Furnace — Provides complete winter air conditioning and summer ventilation with filtered air. Cooling unit can be added if desired. ★ Models and sizes available for homes and buildings of all types. ★ Can be installed in basement or in any closet, nook or corner, upstairs or down. In new, small homes, a forced air unit can even be mounted on attic rafters to save space!
