A TOTAL of 534 persons received instruction in the safety driving courses recently completed in the eastern Oregon section, it was announced this week by Earl Snell, secretary of state, under whose auspices the schools were held. Thirteen schools were held in the area around Baker, Pendleton and La Grande. Most of the schools were held at high schools, but several classes of adults were organized upon demand of residents of the area, Mr. Snell said. Enrollment in each class ranged from 20 to 50 persons, each of whom furnished his own car for the class. "These classes in driving are based on the theory that persons who receive scientific training in handling a car will become better drivers, more capable of driving in all varieties of traffic without endangering the property and lives of themselves or others," Snell declared.

Anyone 15 years of age or older may enroll in these classes, it was said. Beginners and those who wish to improve their technique are taken through a complete course in care of the car, starting and stopping, maneuvering in traffic, parallel parking, starting and stopping on hills and the proper method of making turns. Instruction on the rules and regulations pertaining to motor vehicles is stressed and the instructors concentrate on producing the proper "driving attitude."

"By 'driver attitude' we mean that concept of motoring which takes into account the rights of others, the safety of car passengers and pedestrians and the faculty of handling the car in such a manner as to meet all emergen-

And It's CLEAN • COOL CONVENIENT • ECONOMICAL

In warm, summer weather an electric range is a necessity in YOUR kitchen! It's CLEAN—no soot, ashes and grime, no scouring of pots and pans! COOL, too! Electric cooking ends the drudgery of preparing meals in an overheated, unhealthful kitchen. CONVENIENT in every way—instant heat exactly where you want it at the turn of a switch; automatic cooking, too, gives added hours of leisure. ECONOMICAL? Certainly! Only half as much as you'd guess it would cost!
