ROBERT JOHNSON GETS BARRACKS LIBRARY JOB

Private Robert L. Johnson of Ashland, now serving with the 7th U S Infantry at Vancouver Barracks, Wash., was recently appointed post librarian at that post, according to information from Major H. D. Bagnall, army recruiting officer in Portland. Private Johnson, whose parents, Mr. and Mrs. R. W. Johnson, reside at 407 Scenic drive, Ashland, was accepted for enlistment by Sgt. Estep at the Medford recruiting station in April, 1937, and has been serving with the 7th infantry since.

Although Private Johnson's principal work is of a literary nature, he is required to fit himself for military duties as well and in this connection has qualified as an expert machine gunner.

● Mrs. Lloyd Moore, Mr. and Mrs. Adrian Wolf and son Rodger of Medford visited Sunday evening at the home of Mr. Moore.

**NAME CRATER PEAK**  
The U S board on geographical names has approved "Applegate peak" as the designation for a lowering mass in Crater Lake, announces the interior department. The board has just acted, but the name was bestowed originally by William Gladstone Steel in 1860, "discoverer of Crater Lake," says the department. Statement that Steel discovered Crater Lake is not supported by evidence. "Applegate peak" is 8135 feet high and is located near the south end of the lake and forms the west limb of Sun Notch.

**NEVER SAW ANYTHING LIKE LUSTER-FOAM TO MAKE TEETH SPARKLE.**  
**Amazing NEW "Bubble" rids teeth of ugly, tart.**  
It's almost incredible the way Lusterine Tooth Paste, containing the detergent, makes teeth gleam. The instant brush and saliva meet, foam detergent, it surges into tiny, active bubbles, which attack and decay breeding areas that may not reach. And as it sweeps surfaces and into minute crevices, whole mouth tingles delightfully, teeth take on new polish and shine.

**LOOK at your tires!**

Scuffing, pitting and gouging are due to improper wheel alignment. Ordinary wear—sagging springs, worn bushings, bearings, pivots—throw wheels out of line, drag the tires sideways along the road, scuff and burn the tread, and cut mileage in half.

**Let Us Check Your WHEEL ALIGNMENT**

We will inspect your steering with accurate gauges that show exactly what is wrong, and tell you what corrections are necessary. Some inexpensive adjustment may be all you need. **DON'T** ruin your tires because of neglect. The same corrections that stop abusive tire wear, also give Touch Control Steering. Drive in today.
