And It's **CLEAN • COOL CONVENIENT • ECONOMICAL**

In warm, summer weather an electric range is a necessity in YOUR kitchen! It's **CLEAN**—no soot, ashes and grime, no scouring of pots and pans! **COOL**, too! Electric cooking ends the drudgery of preparing meals in an overheated, unhealthful kitchen. **CONVENIENT** in every way—instant heat exactly where you want it at the turn of a switch; automatic cooking, too, gives added hours of leisure. **ECONOMICAL?** Certainly! Only half as much as you'd guess it would cost!
