

LIST SCHEDULE FOR AHS ELEVEN

First football practice for the 1939 season will get under way at 7 o'clock tonight at the high school field, according to Coach Skeet O'Connell. If the schedule released this week holds, the local eleven will be in for a tough grind.

Only the Thanksgiving day game Nov. 23 will be in the afternoon, the other four home contests to be under lights.

Principal B. C. Forsythe said this week that negotiations are under way for a game with Roseburg high school here on one of the open dates—Oct. 6 or 20.

The tentative schedule follows:

- Friday, Sept. 15—Lakeview here.
- Friday, Sept. 20—Yreka here.
- Friday, Sept. 29—Grants Pass there.
- Friday, Oct. 6—Open.
- Friday, Oct. 13—Klamath Falls there.
- Friday, Oct. 20—Open.
- Friday, Oct. 27—Dunsmuir here.
- Saturday, Nov. 11—Medford there.
- Friday, Nov. 17—Arcata here.
- Thursday, Nov. 23—Grants Pass here.

Virgil Haynes Pitches Medford to Win Over C-C; 'Pass Tops Dorris

SOUTHERN OREGON LEAGUE PLAYOFF STANDINGS

Team	W	L	Pct.
Medford	1	1	.500
Crescent City	1	1	.500
Grants Pass	1	1	.500
Dorris	1	1	.500

Virgil Haynes, released from the Ashland-Talent baseball club late in the season and signed by the Medford Craters, pitched that team to a thrill-packed 10-inning 8 to 5 win over Crescent City at the coast town last Sunday to tie the two clubs with one game each in their Shaughnessy playoff series. Haynes went into the game in the fourth with the count tied at 3-all and turned in an excellent mound performance which was backed by brilliant support from the field.

Piche's single scoring Hoffard and Gitzen's line drive which sent two runs across the platter cinched things for the Craters.

While all this was going on the Dorris Lumberjacks were taking a surprise 7 to 1 defeat at the hands of the Grants Pass Merchants on the Climate city diamond. Six errors contributed largely to the invaders' downfall.

Because the Medford-Crescent City games drew more cash customers in Medford than at the coast the two teams will clash in Medford next Sunday and Dorris will journey to Grants Pass for the same reason.

No Wrestling Monday

BECAUSE next Monday is Labor day, Promoter Mack Lillard will not present a wrestling program in the Medford armory on his usual night but will return Monday, Sept. 11, when he will bring several new faces to southern Oregon.

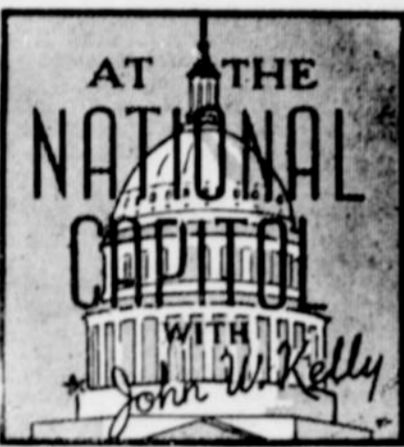

PORTLAND SOFTBALL NINE WINS STATE TOURNAMENT

Thirty-six hundred fans, the biggest crowd ever to witness a state softball tournament, saw Mann's of Portland win the district play-offs in Salem Saturday. The Portland outfit met the Salem Square Dealers in the finals and trounced them 5 to 4 in a contest that was a pitcher's duel throughout.

The Pade-Barrick Girls of Salem won the women's championship by defeating Lind-Pomroy of Portland 16 to 2.

Then there was the absent-minded professor who kissed a co-ed in his class and lectured to his wife.—Weston Leader.

AND THEN THE FUN BEGAN!

(Continued from page 1)

President would be invested with the same dictatorial powers as have been delegated to Prime Minister Chamberlain, the umbrella man, and Deladier, the Frenchman.

How much would it be worth to the nations of the world to know what the weather would be two weeks in advance? Dr. C. C. Abbott, of Smithsonian Institute asserts that the forecast can be made if 10 properly equipped observatory stations can be scattered at certain places on the globe. Three stations now are operating, but it would cost several million dollars to establish the others and this would have to be borne by foreign countries in which the stations are required for the network. Incidentally the scientist predicts the "dust bowl" of the midwest will not occur again until sometime in the years after 2000.

Pacific coast isolationist senators are as determined as ever to maintain the mandatory embargo on munitions. It is not a matter of politics with them, but conviction that their plan is a better insurance against the United States being involved in foreign war than the proposal of the President. These senators are Idaho's Borah,

California's Hiram Johnson, Washington's Bone (now hospitalized with a broken hip), Utah's King and North Dakota's Nye. They are ready to take up the fight where it was dropped when congress adjourned Aug. 5.

Some of the insiders are proposing that the government follow the precedent laid by TVA and apply it to Bonneville and later to Grand Coulee. This precedent is purchased by the government of private util-

ities and thus acquire a distributing system and a market for government-generated power. Such proceeding would require action by congress which, in its present frame of mind against further intrusion of government in business, is not likely. However, the inner circle is considering making a try anyway.

Communists who were quick to picket the German and Italian embassies during the Munich conference are not carry-

ing placards denouncing nazism and fascism since Stalin signed an agreement with Hitler. But police are keeping an eye on the British and Polish embassies.

Fifty million dollars worth of building construction (mostly government) is halted in the national capitol because plumbers, now receiving \$12 a day, want \$13, and laborers in the one sand and gravel company are striking for more pay and shorter hours.

Make Greater Demands On Children's Eyes!

Renewal of classes, home study and shorter days all combine to emphasize the importance of good light for children's eyes. Make certain that your home has plenty of comfortable, properly lighted spots where your studious little ones can spend their evening hours. Remember, young eyes are good eyes until damaged by poor light and strain. See your dealer now and learn how easy and inexpensive it is to provide proper, glareless light for all members of the family. Electricity is cheaper in Ashland!
