## Oregon Motorists To Get New Type Plates

Oregon motorists will receive a license plate in 1941 that is entirely different in appearance from any plate used in the past. The figures on the plate are of a new design that is both pleasing and more legible, new style lettering is used for the word "Oregon," which is placed between the "19" and the "41" at the bottom of the plate. The colors, as previously announced, will be a dark green background with white numerals and figures.

While these colors are the same as on the Washington plate, it is thought that they will not lead to the slightest confusion, as the characters on the two plates are entirely different, on Washington's plate the state name and year date will be above the figures while Oregon's will carry this information below. In addition, the Washington plates all bear an alphabetical prefix to the numerals, this prefix being in bold type, and the Washington plates are larger than Oregon's.

People who have seen samples of Oregon's 1941 plates are unanimous in pronouncing it a distinct improvement over anything used in the past.

## Elks and Miners Drop Monday Night Battles

The BPO Elks were not so fortunate in their Monday night clash with the Dodgers and lost, 11 to 5. Wilbur Johnstone gave up 15 walks to the Hessmen but allowed only five hits. The Elks outplayed their foes, but the free passes were too great a handicap.

Score by innings: R H E  
Dodgers .....122 042 0-11 5 8  
Elks .....000 102 2-5 8 6

Batteries: Dodgers—O'Toole to Simpson; Elks—Johnstone to Haynes.

### Hilt Takes Miners

The Miner Press took to the field again Monday night after a 19-day layoff and was greeted with an 8 to 5 defeat by Hilt. The win put the Californians into a tie for first place in the second one-third round.

The Printers started with a two-run splurge in the first frame and went on to lead 5 to 1 in the fourth but Pitcher Harry Ranier blew in the sixth and was relieved by Richard Ormond, who finished the contest without yielding a score.

Score by innings: R H E  
Hilt .....001 052 0-8 7 4  
Miner Press .....200 300 0-5 6 2  
Batteries: Hilt—Tallis to Zanotto; Miner Press—Ranier and Ormond to Schilling.
