### SOLVING THE PROBLEM OF Hot Weather Meals!

By the Way--Just What IS the Summer Meal Problem?

Most folks get just as hungry in the summer as they do in the winter. The only difference is that they like to eat different kinds of food—they want refreshment, iced tea, fresh fruits, cold deserts. But still it's never too hot to enjoy a really good steak. Most objectionable feature to summer meals is the hot, steamy hours in the kitchen, unless the cool, streamlined wonders of electric cookery and the frigid plenty of electric refrigeration have been installed. You'll be amazed at the heatless, sootless efficiency of electric cooking! See your dealer now!
