Wet Feet? gargle LISTERINE

Prompt action may forestall trouble

Wet feet... cold feet... drafts... and fatigue, may lower body resistance so that colds develop and germs in the throat get the upper hand. After such exposures, why not help Nature to combat such germs on tissue surfaces by gargling promptly and frequently with Listerine Antiseptic. Tests showed that regular users of Listerine Antiseptic had fewer colds and milder colds than non-users.

GRIZZLIES TAKE BARNSTORMS BY WIDE MARGIN

THE Ashland Grizzlies are starting out the New Year in a big way on their five-game barnstorming tour.

In the first game Monday night Jerry Gastineau's men romped over Albany on a one-sided 46-25 score. The Grizzlies, led by Provost and Jandreau, took an early lead which continued to climb until the final whistle.

Moving on to Chemawa for a New Year's eve game, the Grizzlies pummed the Indians around for a 48-29 victory. The reserves found the going somewhat more than tough, but in the last minute came from behind to win by a three-point margin—the final score being 47-44.

Apparently in the groove, the Grizzlies again took the Indians into camp Wednesday night, this time to the tune of 55-15. The varsity had the situation well in hand by end of the first quarter with a 12-point margin. At the half their lead had widened to 24 points and by the third quarter had jumped to 32. Once more the reserves had difficulties, but again the final whistle found them on top of a see-sawing score.
