QUARTERBACKS PLAN BUS FOR ROSEBURG TILT

Ashland basketball fans who would like to attend the Roseburg-Ashland game, to be played at Roseburg Feb. 15, are in for a break if plans of the Ashland Downtown Quarterbacks club work out.

The organization of businessmen plan to charter a bus to make the trip if enough passengers can be obtained. It will be necessary to have 37 passengers before the bus can be obtained. Fare will be \$2.50 round trip which is cheaper than one can drive a private car. Those taking the bus will return the same night after a "victory dinner" following the game.

Those interested in making the trip are asked to register with Bob Ingle at the Ingle Drug company, Dom Provost at Provost's Hardware, or with Frank Vanduyke at his law office in the First National bank building.

Mighty Mites Whip Roseburg and G. P.

Old Man Basketball was kind to Al Simpson's junior high cabbie team during the past week and enabled them to add two wins to their season record. The junior Mighty Mites won over Roseburg junior high 28 to 21 at Roseburg Friday to give the local club revenge for a previous beating here earlier in the season.

Wednesday night the juniors went on to trounce the Grants Pass Frosh 23 to 22 in an overtime period. This is the second junior win over the Cavekids this year. Halftime score favored the Pass boys 11-8.

Simpson's reserve team was not so fortunate as the varsity and lost out to the Grants Pass reserves 13 to 9 after being tied 3-3 at the half.

● Walter Enberg sold his ranch on Wagner creek to J. Norton of Kansas. Norton rented the property to Mr. and Mrs. Neil Tripp and returned to his home, stating that he will return at a later date to take charge.

● Robert Adams of San Francisco who is employed by the navy spent the week-end with his mother, Mrs. Ethel Maxwell and family.

Wild Life Federation In Two-Day Meeting

A second two-day meeting of the Oregon Wildlife Federation has been called by President W. J. Smith to meet at Oregon State college Feb. 13 and 14. This second general meeting of the federation was arranged tentatively at the annual conference late in November.

Aside from considerable organization business of the federation itself, items to be taken up include a consideration of bills before the present legislature dealing with wildlife conservation and related matters in this state, says Smith.

President Smith reports that following the fall conference, when action was taken urging the sale of land around Summer lake for a public shooting ground and refuge, the state land board has approved such sale. Smith is asking that each branch of the federation have at least one delegate at the February meeting.

AHS PLAYS AT FALLS TONIGHT

Ashland high's Grizzlies, with a firm grip on second place in the district four conference race, will desert the league tonight when they travel to Klamath Falls to meet the high-flying Pelicans on the Klamath Union high court.

A previous game, scheduled for the Ashland maple boards, was cancelled to enable the Grizzlies to make their northern invasion.

According to Jerry Gastineau, Grizzly mentor, Klamath Falls is not anxious to make up the cancelled date so the one game probably will be the only one played between the two schools this season.

The Pelicans are practically a cinch to make the trip to the state basketball tournament in Salem as representative of their district because of their wins over Lakeview and Bend.

Gastineau probably will take 10 men on the trip, leaving Ashland late this afternoon. Charley Jandreau and Bud Provost at forwards, Jim Smith at center and Captain Bob Weaver and Chet Fowler at guards will be the starting five with Bill Green, Don Griggby, Earl Warren, Dale Adams and possibly Bob Dunn will make up the rest of the traveling squad.

The remainder of the Grizzly schedule follows:

- Feb. 7—Klamath Falls there.
- Feb. 14—Grants Pass here.
- Feb. 15—Roseburg there.
- Feb. 18—Medford there.
- Feb. 21—Lakeview there.
- Feb. 22—Lakeview there.
- Feb. 25—Grants Pass there.
- Feb. 28—Medford here.

Three Bulletins Issued For Special Groups

Three bulletins that have value to specialized groups within the state have just been issued by the Oregon experiment station.

One is entitled "Preparation of Starter for Cheese, Buttermilk and Butter," and is written by G. H. Wilster of the OSC dairy department, and F. E. Price, agricultural engineer. The bulletin describes simple and inexpensive equipment which may be installed in any dairy products plant, by which these necessary cultures may be developed. About 125 milk products plants in Oregon use a total of more than four million pounds of starter a year.

The other two bulletins are on the control of diseases and pests of nursery stock. One, "The Cause and Control of the Coryneum Elong of Oriental Arborvitae," is by J. A. Milbrath and F. P. McWhorter, state plant pathologists. The other is a circular of information, No. 232, which gives preliminary results of methyl bromide fumigation for satin moth.

The coryneum blight can be controlled successfully by the use of a spray program developed at the station. The results of the fumigation for satin moth are still incomplete, but apparently a dosage has been found which will kill the caterpillars without injury to the host plants, reports the author, Joe Schuh, assistant entomologist.
