

Science has developed an edible paper. Now we won't mind so much to eat our own words.

The Nautical tag game being played between England and Germany is really proving disastrously real.

Factory wage rates are reported to be the highest on record; yet the preparedness parade is held back by pickets.

Personally we'd like to see a repetition of the old story "Rub-a-Dub-Dub, three men in a tub" (in mid Pacific) with the occupants a trio of labor leaders and their BRIDGES burned.

A Klamath Falls citizen was heard to say, "We did not try very hard to get the cantonment. After all a soldier draws only \$30.00 a month." We figure and maybe Medford did too, that 40,000 soldiers draw 'nigh onto' 1 1/4 million dollars of spending money every 30 days.

Some 25,000 young soldiers drawing a dollar per day passed through here last week. Young men, 25,000 in number, doing their bit at less pay per day than striking union men demand for one hour, 30 minutes of which time they spend in dodging the foreman. Justice seems to have singled her wings.

LEST WE FORGET

To the Editor:

Memorial Day symbolizes heroism, service and sacrifice.

History from Calvary to Flanders' fields teaches us that humanity's most priceless possessions have been gained at the cost of bloodshed.

There are certain soldier qualities which we cannot afford to lose. We must inculcate the spirit of devotion to the common good, the spirit of discipline and the spirit of service and sacrifice without which no people can become great.

PLANS PROGRESS FOR JULY 4TH

With the selection of sub-committees being completed this week, the executive committee of Ashland's 1941 Fourth of July celebration is preparing plans for the reception of an estimated 15,000 to 20,000 southern Oregonians and northern Californians.

Chairman John Daugherty said that committees would start functioning within a short time, following drafting of final plans. Emphasis will be placed on a morning parade, a two performance rodeo and horse show, swimming and bathing events, a band concert and other features.

Ashland's Trail Riders which is sponsoring the rodeo and horse show, are arranging special drills and attractions for the afternoon and evening performances on the Fourth, it was indicated. The rodeo itself is to be on an amateur basis with non-professional riders and wild range stock being used.

Lithia park is to be thrown open to old fashioned picnic and basket lunches. Additional tables and eating accommodations are expected to be installed next month to handle the crowds.

Efforts are under way to present a wrestling match in connection with the celebration schedule. Promotor Mack Lillard has been contacted to bring mat gladiators here but definite arrangements have not been completed.

SOCE Again offers Pilot Training

The Southern Oregon College has once again been chosen by the Civil Aeronautics Administration to offer civilian pilot training to qualified students. SOCE TO OFFER SUMMER WORK

Pre-scheduling for the first semester of the summer school which will open with registration on June 9 at the Southern Oregon College of Education, has already begun. Students planning to register on this date must submit an official transcript prior to registration.

Highschool graduates who wish to earn a term's credit as well as out-of-state teachers who wish to earn required credits for certification to teach in the elementary schools of Oregon may register either for the first session or for the post session, which begins on July 21.

Advance students wishing to begin the fourth year of work, which is required for the bachelor of science degree in elementary education, will find a wide variety of subjects offered.

Upper division courses as well as required subjects in art, music, education, psychology, health, language and literature, science, social science, history, geography and political science will be given. Special recreational courses in physical education, including tennis, golf and swimming, will be offered for credit.

During the first summer session regular work may be taken at the Lincoln Training School as well as special summer courses in diagnostic and remedial reading, teaching of art and music and pre-primary education.

Students planning to register are urged to do so on June 9 because of the short length of the summer term. Failure to register on this date will necessitate paying the regular late registration fee.

Verne Dollaride Accidentally Killed

Verne Dollaride, 47, met death accidentally last week, the victim of a dynamite blast on the Austin Barron ranch eight miles south of Ashland. His body was found last Saturday and it was believed that the accident had occurred the previous Sunday.

Thinking that he had gone to Ashland for several days, the family of his employer was not alarmed by his absence until his abandoned truck was found in the mountains. A search was started which resulted in the discovery of his body by Harold Haines, a brother of Dr. C. A. Haines of Ashland.

Funeral services were held at the Mountain View cemetery Monday afternoon with Rev. Wallace of the Apostolic Faith in Medford in charge. He is survived by his mother and sister Mrs. Ethel Pinkerton, both of the Siskiyou ranch and a brother Ross Dollaride of Lakeview.

Three Graduates at U of O from Ashland

Three graduates at the University of Oregon are from Ashland. Marilyn Olive Christlieb, daughter of Mr. and Mrs. B. H. Christlieb, has majored in physical education and will receive the degree of bachelor of science.
