

## Progressive Review (cont.)

### First National Bank Of Portland

Ashland Branch—Member Federal Reserve System

Among the financial institutions of this community there are few which can show more substantial progress than this well known bank. From the date of its organization up to the present time its officers have been noted for their sound, energetic and conservative business methods commanding in a marked degree the confidence of their depositors and the public at large, a condition that is the aim of any executive board. Taken all in all, it is an institution in which people feel at home. An idea may have great potential value. To get another's point of view and secure a check on your own individual judgment, it will be worth while to discuss your plans with your banker.

A banker has no greater foresight than any other business man, but his contact with many business men in varied lines gives him a composite view of conditions that can be of value to his customers. He acts as a distributing center of information regarding business conditions.

In this Progressive Review, we wish to direct your attention to the First National Bank of Portland in Ashland and to assure you that if you are looking for increased banking service you will find a consultation with the men in charge one of inspiration and confidence in the future.

### Dr. Bertha Sawyer

Dissertation on Osteopathy

A few words of wisdom from Dr. Bertha Sawyer, located in the Pioneer Building, phone 8061: "The science of osteopathy is an advanced scientific method for the prevention and cure of disease. The human body has been endowed by nature with all the remedial agents, such as the blood and nerve force, that are necessary for the preservation of health, and recovery from disease providing the mechanism which distributes these agents is in perfect mechanical adjustment. Any obstruction to a normal flow of blood causes disease. Remove such obstruction and health naturally follows.

"Osteopathy searches for and locates the structural abnormality and by these readjustments restores harmonious activity to the mechanism. This leaves the curative powers free to act, which are sufficient to restore and rebuild health. Osteopathy, strictly speaking, is anatomical corrective work, yet it employs such other agencies as dieting, nursing, sanitation, etc. It also recognizes that surgical interference is at times necessary and in well-selected cases is employed."

We take pleasure in this Review in referring all our readers to Dr. Bertha Sawyer as a representative professional woman of this section and call your attention to the trustworthy and untiring efforts which have placed her service in demand.

### Foster And Kleiser Outdoor Advertising

Foster and Kleiser company, located at 311 South Front street, Medford, phone Medford 2484, is a member of the outdoor advertising association of America which provides for careful placement of signs, best to preserve roadside beauty.

Outdoor advertising was never more urgent than at the present time. With all the people riding in autos over the country it is necessary for every well organized business to have proper representation. The history of the sign from the days of old is one of change with ever-advancing times. Before the days of general reading all signs were symbolic. With the advent of reading, they took on more of plain letters. While today most everyone reads yet it is necessary to have a sign that is a combination as all the people do not read the same language. With the aid of quick transportation the mingling of all the people became more marked. Then the element of time is a factor. This is a busy age and people often do not stop to read at great length. The proper kind of signs guide them around in their daily pursuits.

Foster and Kleiser company are in accord with the times and are prepared to execute all classes of posters, including everything in the field of artistic posters from the smallest to the largest and most intricate of elaborate designs. Posters, either for permanent or for temporary use.

In making this Progressive Review, we are indeed proud to include Foster and Kleiser company in our list of prominent business concerns and compliment them on their deserving success.

### Palace Cafe Enjoys Large Patronage

"Come In Whenever You're In Town"

There is more to the successful operation of a restaurant business than the public realizes; it requires, at the head, a person who knows food values and how to pass these values on to his customers. There is the problem of careful purchasing, employee management, menu planning and numerous other details that are little thought by the general public.

One reason for the popularity of the Palace Cafe, located on East Main, phone 8311, is that the managers, W. D. Jackson and Son, know the needs of the public and strive to meet these needs through purchasing only the finest fresh meats, foodstuffs and vegetables. Here your meals are prepared in a spotless sanitary kitchen by chefs with years of experience.

Ask any customer you see that eats here, just why he prefers the Palace Cafe and he'll tell you it is because of the distinctive preparation of every meal, the prompt service and the very reasonable prices. If you have never been one of the hundreds of satisfied customers who have found this the finest place to dine in town, then take our hint and try it the very next time you are in town. We should not fail to mention, too, that here you will always find convenient parking space.

### Betty Jane Shop Offers Latest Styles

Fashion's ultimate note finds masterful expression in the beautiful new styles now displayed at the Betty Jane Dress Shop, located at East Main in the Lithia hotel building, which has secured its enviable place in the fashionable and conservative circles of this part of the state by reason of its comprehensive stock, quality, service and the excellent management of its most genial proprietor, Margaret E. Platt.

When it comes to details and variety of the ready-to-wear there are so many of them and all so intriguing that one can hardly begin to enumerate and describe them. The lovely colorings and new shades give the dresses as well as the wearer that appearance of youth which is the ultimate aim of the people of the day. This unique shop has a perfectly grand assortment of the very newest fall fashions and gorgeous accessories. All sizes in coats, two and three-piece suits, dresses (also in junior sizes), hats, blouses and exquisite lingerie.

Visit the Betty Jane Dress Shop; their prices are surprisingly reasonable and their goods are harmoniously displayed and the service and courtesy are beyond reproach.

### Neighborhood Church Congregational

Boulevard and Morton Streets

Clarence F. McCall, Minister

Bible school meets at 9:45 with Mrs. Glenn Prescott, superintendent.

Children of all ages are asked to enroll. Mr. Brickey teaches the adult class and is giving very helpful Bible interpretations. The minister is leading a young people's class and extends a cordial welcome to students of the college and high school.

At 11 o'clock the church will celebrate the Lord's Supper in communion with all Christians of the world. This service will be preceded with reports from the fall rally by Mrs. Susan Alford and by Helen Montgomery from Camp Adams. Christians of every creed are invited and young people who have united with the church in recent months are urged to be present.

I find the great thing in this world is not so much where we stand, as in what direction we are moving.—Oliver Wendell Holmes.

### Whittle Transfer And Fuel Company

The Whittle Transfer and Fuel company, located at 89 Oak street, phone 3331, offers economical and speedy service which is a definite asset to any community.

This organization was instituted in 1919 and down through the years, they have adhered to their consistent policy that their chief interests and endeavors be entirely of a local nature. This business has been built on strict application of service and it is the intention and purpose of all members of the organization to maintain that service of the past.

They now are operating seven pieces of equipment comprising units to meet all needs of local transfer and fuel requirements. They recently have doubled the capacity of their oil storage, it now being 25,000 gallons.

The study of the business success of this organization is attributed to the aforementioned business policies and the experience of Messrs. F. F. and Dave Whittle, plus a sincere desire to give the same attention to large and small orders alike.

In this Progressive Review, we are proud to number the Whittle Transfer and Fuel company among the organizations that are forwarding the progress of this community.

### Elhart's Book and Music Store

At 270 East Main, phone 8011, is the home of the world's finest pianos and instruments, "the choice of the artist," and headquarters for school texts and supplies.

By reason of the wide range of quality and price it is very difficult for the uninitiated in these days to select musical instruments and get full value for their money unless they are dealing with someone in whom they have confidence.

For this reason there is a general satisfaction in doing business with this well-known concern which is considered music headquarters by the people of this community. The lines of their products have been endorsed by the leaders of the world of music. This insures the customer of getting merchandise worth while and their policy of one price and easy payments insures you of full value for your

money.

During the time that Mr. H. H. Elhart, the proprietor, has been in business, he has merited a reputation for fair and straightforward dealing. He is thoroughly conversant with all features of the music and book business over which he has direction and knows that when he makes a price that it denotes real and true value.

They will be pleased to show you and demonstrate their products whether you desire to purchase just at this time or not. See them—compare them—then judge for yourself.

They operate an institution which adds much to the efficiency of the community as a trading center and in this Review we are pleased to point with pride to the great success Elhart's Book and Music Store is making in their chosen profession and highly recommend them to all our readers.

### Hardy's Hardware Carries Large Stock

This most reliable firm, located at 296 East Main, phone 8251, carries one of the largest and most complete stocks of high-grade hardware in this section. Their stock is composed of shell and builders' hardware, Fuller paints, varnishes and electric appliances for the home, and auto supplies which are known throughout the world as best on the market. The men in charge are courteous and accommodating and pleased to demonstrate to anyone who may desire to drop in. They keep up on the latest tools and machinery—nails, screws, bolts, locks, knives—but what is the use trying to list their stock?—it is one of the largest and most reasonable stores in this community.

To illustrate the important factor this firm has become in the daily life of the community, think for a minute of anyone trying to even cook a meal without using these most necessary items obtainable at Hardy's Cash Hardware.

In this Progressive Review, we wish to compliment Mr. P. R. Hardy, the proprietor of this store on his splendid business acumen and recommend his wares to all our readers.

### Henry Planing Mill Is Prominent Concern

The Henry Planing Mill in Ashland, phone 3492, is a prominent concern of this part of the section whose superior organization is known throughout this territory and whose progressive activities are indispensable in the upbuilding of the community, serving the people faithfully and being an essential factor in the commercial development of the vicinity.

The Henry Planing Mill is operating one of the most necessary industries in this section of the state. Radiating progress and industry, this is one of the very important factors in the commercial life of the district. Any firm that is made up of business men who are interested in the growth of the entire community as well as their own business, will attain the greatest measure of progress and prosperity. Their customers are of the permanent kind who trade with the local concern year after year. The name of this firm is synonymous with quality and reliability. In the installation of modern machinery and keeping pace with the advance of industry, the Henry Planing Mill has been most careful and painstaking.
