YULETIDE REFLECTIONS By OLD TIMER

To the Editor:

Somehow or other we can't enthuse over the modern styling of a Christmas tree with artificial gadgets of various designs. To our old eyes it doesn't look Christmassy. Remember the Christmas tree yesteryear? We decorated it with strings of popcorn and cranin tinfoil. And what a chorus of ohs and ahs went up when the candles were lighted! Yes, verily, the oldtime Christmas tree in its pristine time Christmas tree in its pristine and women are serving the great simplicity was a thing of beauty cause of human freedom." and a joy forever.

One farmer serving on the education committee of the conference stated that, although his group is always glad to get news in the metropolitan dailies, the news that really counts in reaching a large proportion of the farmers is that used in the country weeklies.

The farmer committeemen re commended that close contact be kept between those dealing with the various agricultural programs and the local editors in order that each may be of the greatest help to the other, to the benefit of the rural population as a whole. The community committeemen were urged to see that local correspondents obtain prompt and accurate reports of local happenings relat ing to the farm programs.

PLAZA PROJECT **RECEIVES OK**

Willingness of property owners affected by the proposed Plaza improvement to accept a reduction in their right-of-way prices to meet with requirements set up by the highway commission assures reconstruction of the Plaza corner

A local delegation met with the commission in Portland last Thursday at which time the commission committed itself to the project if property owners would agree to a reduction of not less than \$5,000 in right-of-way prices. The property owners were called nave been hit pretty hard-but at together Friday afternoon and agreed to accept the necessary reductions. When the highway commission was notified that their requirements had been met, they assured the committee that purchase of the properties would be completed as soon as possible.

It was indicated that actual work on the project would not start until about April.

RED CROSS ASKS

Theo J. Norby of the local Red Cross chapter have announced that Ashland is joining in the nationwide mobilization of disaster relief units and have requested all-out support in the raising of \$2,000, which is Ashland's quota of the \$50,000,000 fund for American war relief.

Billings pointed out that since the war has come to America the work of the Red Cross disaster service looms bigger every minute.

Word has come, he said, that chapters in Hawaii during the recent raids were right on the job, carrying out rescue work and giv-ing extensive relief to the wounded and homeless. Red Cross personnel and volunteers removed civilians from danger zones. Ten emergency medical stations, established there by the Red Cross some months ago, have given valuable service during this emerg-ency. In the Philippines, thou-sands of trained vollunteers were ready and were quickly mobilized.

"Its disaster service," Billings stated, "is just one Red Cross service which must be enlarged to meet our great crisis. More thousands of volunteers must be trained into its ranks. Welfare and medical services for our armed forces must undergo vast expansion, and every branch of the Red Cross enter the field of battle with flags flying. That is why a mini-mum of \$50,000,000 is needed to finance the program. Let's not wait another day. Let's make our contribution right now and show that Ashland is one hundred percent strong behind its Red Cross

and the service of its country."
