Careful Study of Rationing Cards Urged by OPA

Applicants for sugar rationing books are urged by the Office of Price Administration to study carefully the application card, illustrated here, and have the correct answers when they register on May 4, 5, 6, and 7. A separate application must be made for every person for whom a ration book is issued, but only one member of each family unit is to appear at the nearest elementary school to apply for all members of the family.

This is the biggest registration job ever undertaken in so limited a time in the United States. Within four days the nation, 130,000,000 men, women and children will be registered and will receive their ration books. To accomplish so big a job in so short a time, the OPA which administers rationing is urging every applicant for a ration book to come prepared with accurate information to all questions which the registrars will ask when filling out the application form.

If you answer these questions promptly OPA estimates it will only take four minutes to fill out this form. One and a quarter million school teachers will serve as registrars.

1. Applicants should come prepared with a list of the members of their families, giving the exact name of each.
2. An exact description of each member of the family unit, giving the height, weight, color of eyes, color of hair, age and sex of each one.
3. The person who registers for the family unit must state his or her exact relationship to each member of it.
4. It is necessary to know to the pound just how much sugar is in the possession of the household. The amount of sugar will be divided by the number of people in the family units and stamps will be torn out by the registrar for all sugar in excess of two pounds per person. If more than four

stamps have to be removed, issuance of the book will be withheld until later.

One—and only one—member of each family unit is to go to the elementary school nearest to the person's residence to register and to apply for ration books for the whole family, OPA emphasizes. Single people not members of a family unit, even if they board with a family, must apply for themselves.

A family unit has been defined by the OPA as "a group of two or more individuals consisting of all persons who are living together in the same household who are related by blood or marriage."

NEWS FROM

Washington School By SCHOOL PUPILS

Room 1 has a vegetable club. The members are making a chart which is in the shape of a boat and are pasting pictures of all the different kinds of vegetables they eat. They are learning to like all vegetables.

Room 1 has had an interesting study of wild flowers. So far they can give the names and identify 15 different kinds.

Some of the children in room 3 have moved away. Norma Davis is now staying with her grandma in Salem. Roger Olson was here only a short time before he moved away.

We have decided that some of our children have "talking fever." It is very catching and everyone seems to have had a slight attack of the disease. Room 3.

For the month of April, the boys and girls have enjoyed filling their bunny baskets with paper Easter eggs. Every time a child has clean teeth he gets an egg to put in his basket. On Friday he gets a big egg. The baskets are nearly full now. Room 3.

The Washington school rooms 7 and 8 will have a track meet Friday from 2:30 on. There will be high jumps, broad jumps, 50 yard dash. There will probably be baseball throw. There will be ribbons awarded the winners. Next Tuesday we start spring football practice.

Room 7 has two new pupils, Zella Dodson from B— Plainview

Build thee more stately mansions,
O my soul,
As the swift seasons roll,
Leave thy low-vaulted past,
Let each new temple, nobler than the last,
Shut thee from heaven with a dome more vast,
Till thou at length art free,
Leaving thine outgrown shell
By life's unresting sea."

school in Olympia, Wash., and Berthel Horne from Orcutt, Calif. We hope they like our school and us.

Edward Williams entered the fifth grade Monday. He was surprised to find another pupil here from Pismo Beach, Calif., who entered our school some time ago.

Room 6 has two new bond buyers, Janie Simpson and Margaret Wagner. We now have 13 bonds but only 8 bond holders in our room.

Several pupils of room 6 gave interesting reports of trips they had recently enjoyed. Philip La Douceur went fishing in Little Elk creek. He didn't catch any. Cozette Harmsen made a visit to Camp and also to Ginger Rogers' ranch. Barbara Kent went to Gold Ray dam where she saw many men fishing. Jacqueline Wolcott visited in Eagle Point. Shirley Newbry recently spent a week in Corvallis. While there she attended school in the building where her grandfather is principal.

On Saturday the Boy Scouts of Troop 13 went on a hike to Big Rock. All the second class scouts passed their cooking. They had to cook a quarter of a pound of meat and two potatoes without any utensils and over an open fire. Some passed the trailing test. A man went into the woods and marked a trail for them to follow. Donald Wren, Donald Green, Edward Beare and Dean Boyer are the scouts from Washington school. All are going up for second class scouting.

Last Friday afternoon Margaret Wagner's mother and aunt gave a birthday party for Margaret in Room 6. They sent over big ice cream cups and frosted cookies made especially. The children sang "Happy Birthday" to Margaret and to Barbara Messenger whose birthday was on the same day. Then many told of the birthday they remembered the best. They had a good time and want to thank Mrs. Wagner and Miss McCall for remembering them.

The Washington school and other grade schools went to the Music Festival last Thursday.

ANSWERS

1. London, England, December 9, 1608.
2. The celesta looks like a small organ and makes tinkling bell-like music.
3. Marco Polo discovered the argali sheep in 1273. These are sheep as big as donkeys, with noble horns and still remain wild.
4. Frederic Auguste Bartholdi, a French sculptor. It was unveiled in 1886.
5. During the Civil war, James Pollock, who was governor of Pennsylvania from 1854 to 1857, wrote to Secretary of Treasury and urged that this motto should be put on all coins of the United States. The motto was first used in 1866.
6. Augustus. The first of a line of emperors that ruled the world for three hundred years.
7. "I came, I saw, I conquered," Caesar's famous letter in three words.
8. India.
9. Yes.
10. The saxophone was invented in 1840 by the Belgian instrument maker, Adolph Sax, from whom the instrument takes its name.

Miss Woodruff asked Miss Eunice Hager from our school to direct the whole group singing.

Boys and girls of Room 8 have been playing a game called dare base. We find that it is lots of fun. The girls have also been playing "team dodge ball."

Sue Pearson, Shirley Weitzel, Joan Van Dewalker and Marilyn Beare have been bringing spring flowers to decorate our room. We all appreciate their efforts to keep our room decorated.
