● Jackson county 4-H club leader, L. E. Francis of Medford, was calling on members of the Dead Indian 4-H club Tuesday. Mr. Francis plans to attend a picnic the club is planning on July 19.

NEWS FROM Lincoln School

By SCHOOL PUPILS
Kindergarten
The children of Miss Nicholson's room made cookies on July 1. On July 2, they went to see Mrs. Cady's fish pond and bird houses. After that they went to the three corner park to eat their cookies they had made and to drink the milk.

Grade 1
The children have made a few toys and also enjoy playing with the new ones in their room. During the warm weather the boys and girls have enjoyed their mid-morning lunch outside. The kindergarten and the first grade rooms have seen three movies which they have liked very much. The movies have been Robin Redbreast, The Three Little Kittens, and Adventures of Bunny Rabbit.

Grades 2 and 3
The children of Miss Hileman's room are studying safety and health. In safety, they are learning songs, safety habits, and how to be good soldiers at home. In health they are learning songs and in their art the children are making scenery and costumes for a play. The boys and girls are going to have a program for their parents.

Grades 4-5-6
Miss King's room has 40 enrolled. The children are spending their time on arithmetic and reading. There are three reading groups in which they are reading folk stories. In arithmetic they are working on individual difficulties. The children also have games in arithmetic.

Upper Grades
Rev. Howard G. Eddy came to Miss Allen's room on June 25 to talk on the navy in which he served for seven years. He told of some of his experiences during the World War and also the kind of ships he had been on. Mr. Eddy was invited to speak to the same group on July 2 when he told other experiences and showed some souvenirs to the class. The children appreciated his kindness very much.

Miss Marion Ady of the college had an interesting picture lesson in which she showed the class marine pictures in the baltopicon. She explained how the pictures were painted and told something of the artists.

Special Reading Room
Miss Bork's reading class is having a race between the children to see who can read the most books. They are given points for the difficulty of the book; three points for the most difficult, two for the less difficult, and one for the least. The chart shows that the following people have the most points: Beverly Salo 56, Thad Coleman 36, and Richard Adams 32.

Sports
The upper grade boys have en-

joyed soft ball, table tennis, badminton and archery. The girls of the same group have played table tennis, soft ball and badminton.

Rail oddities

A BASIC PRINCIPLE FOR USING RAILROAD FREIGHT CARS EFFICIENTLY WAS RECOGNIZED IN 1862, DURING THE WAR BETWEEN THE STATES, WHEN U.S. MILITARY AUTHORITIES ORDERED THAT "ALL CARS WILL BE UNLOADED AND RETURNED IMMEDIATELY—THEY MUST NOT BE DETAINED FOR USE AS STOREHOUSES."

IF PLACED END TO END THE 1539 RAILWAY TUNNELS IN THE UNITED STATES WOULD HAVE A COMBINED LENGTH OF ABOUT 320 MILES....

AMERICAN RAILROAD TRAINS CARRIED AN AVERAGE OF 915 TONS OF FREIGHT IN 1941—THE HIGHEST ON RECORD AND 41 PER CENT MORE THAN IN 1921.
