### What You Buy With WAR BONDS

It's not a pleasant picture to contemplate, but War calls for "sweat and tears." And the Army Medical Corps, with its nurses and its volunteer Red Cross "Angels of Mercy," needs thousands of surgical beds for field and hospitals on every front.

These beds cost approximately \$22 each. They are the latest thing in modern hospital beds, with elevating springs. In some instances surgical cots are used in temporary field hospitals and there is a folding bed which may be used in ambulances. Your purchase of War Bonds and Stamps can buy many of these beds for the Army. You'll sleep better if you know our boys have every hospital comfort. Buy War Bonds every pay day. Invest ten percent of your income.

### What You Buy With BONDS

Gas masks which came into use for the first time when World War I, are much used today over those used in the Chemical Warfare Branch of the War Department issues these masks to every man in the service. We are taking no chances.

The type pictured here is the "can" and "elephant nose" mask and costs about \$9.25 each. The headgear is transparent, made of material resembling cellophane and does not cloud with the breath. You can buy two of these gas masks with the purchase of an \$18.75 War Bond. We need thousands of them. Don't fail to give at least ten percent of your income every pay day for War Bonds. Buy them at your bank or postoffice, regularly.

### What You Buy With WAR BONDS

Essential in the equipment of every Soldier, Sailor, Marine or Flyer is a first aid kit, consisting of bandages and antiseptics for instantaneous use. These materials are packed into a compact box and cost about \$1.50 each.

We need millions of these first aid kits for emergency treatment. They are also used by Red Cross workers, in field hospitals and wherever needed until hospital treatment may be obtained. Even a child could buy one or more of these kits through purchase of War Stamps. Buy War Bonds and Stamps every pay day and invest at least ten percent of your income in these government securities.

### What You Buy With WAR BONDS

Ships of the Navy are the pride of the American fleet. They are the backbone of our sea power and they are fighting hard hitting. They are particularly effective in the Coral Sea engagement. They cost approximately \$100,000 each.

Every Navy shipyard is turning out Destroyers in record time. They are essential for our two-ocean Navy. Purchase of more and more War Bonds will assure all-out production of these vital units for the Navy. Buy every pay day. If everybody invests at least ten percent of his income in War Bonds we can do the job.

Buy one \$18.75 War Bond, for which you receive \$25 in 10 years, will pay for one of these jackets so necessary for our airmen flying at high altitudes and in northern climes. So you and your neighbors can do your bit by investing at least 10 percent of your salary every pay day in War Bonds to help pay the cost of this equipment for intrepid American flyers. Join the parade, and help top the War Bond Quota in your county.
