VISITING BROTHER'S FAMILY

Mrs. William A. Hagins and son Bill of San Jose, Calif., are guests at the home of Mrs. Hagins' brother, John C. Broady, and family, at 220 Harrison street. Mrs. Hagins' husband is a colonel in the regular army, having served several years in the Philippines. He and his family had left the islands some time before Pearl Harbor and in this they feel fortunate for the places they had lived now are in possession of the Japs. Colonel Hagin was stationed at Manila, Baguin and Camp John Hay.

AT SHEPPARD FIELD

James Baughman lost no time going places after his induction. Going first to Fort Lewis, he soon was on his way for Sheppard Field, Tex. to join up with the U. S. army air corps, according to word received by his father, Clint Baughman, early this week. "Jimmie's" address is 407th Tech. SS. Barracks 260, Sheppard Field Tex.

COMMITTEES GET THINGS DONE

(Continued from page 5ne)
Miss Virginia Hales and Mrs. Frances White comprise the Junior Hostess committee. Overcoming a shortage of girls is the task before this committee but the members report renewed interest and better attendance. There will be larger groups of service men coming to the center and there are never quite enough girls to go around but the boys are grateful for the girls who do attend night after night and enjoy their company exceedingly.

Magazines have accumulated at the center so rapidly that the director of this work, Mrs. E. J. Farlow, has found it necessary to send considerable numbers of them to Camp White. A call has been issued for contributors to sign up for regular donations or subscriptions for the more popular of the monthly and weekly magazines.

Cay Huffman, music director, is arranging community sings and other features. She frequently takes a "hitch" at the piano to play for dancing, and to rest the juke box.

A staff of workers has typed many reports, letters and done other routine business, adding to the efficiency of the office administration under Miss Kay Harkins.

Mrs. Hal McNair is in charge of programs. This committee will confer with the chairmen of various other committees in making up a schedule of events for the general entertainment of the boys. If there is a service club, a church organization, a patriotic group or an individual who wishes to be responsible for some occasion such as a holiday party, or a Sunday evening gathering, Halloween frolic or just an ordinary week-night affair of some interest, the program committee will welcome your participation and be happy to cooperate with you.

Mrs. Elmer Biegel and Mrs. John Daugherty have charge of publicity.

Jean F. Eberhart has kindly consented to act as chairman of recreation and Mrs. H. B. Bentley is co-chairman. Bert Miller has been placed in charge of archery on Tuesday nights. They are fortunate in securing the services of Julius Koch, veteran horsehoe pitcher, to supervise the "barnyard golf" grounds. All game equipment is used frequently.

The boys need not worry about their picnic dinners. Mrs. Paul Finnell has had experience in that line. (And boy, she can make good camp coffee!)

Under supervision of Mrs. Gladys Dooms, showers have been made available to the boys. Towels are being contributed, a shaving kit provided, and a sewing kit for "a stitch in time."

Senior Hostess Chairman, Mrs. Ralph McCulloch has her schedule filled for September—two hostesses for the evening and night shifts who visit with the boys and look after the closing of the center. Closing hour is 10:30 p. m. except on Saturday night when there is always a dancing party and the boys stay until 11 o'clock.

Mrs. Will Dodge is USO council chairman and Mrs. Horace Badger is council secretary.

The next meeting of the volunteer workers will be at the club house on Wednesday evening, Sept. 9, at 7:45.

SUCCESSFUL PARENTHOOD

YOUR CHILD LEARNS TO WALK

Mothers are apt to put too much importance on the age at which a child learns to walk. A light, quick, small-boned child may take to his feet at 11 months, while a heavier, less active one may need another six months before he can negotiate the difficult balancing act we call walking. Nor does early walking mean that a child is smarter than others his age any more than delayed walking is necessarily a sign of slow mentality. However, if your child makes no effort to walk after 18 months it is advisable to consult your doctor.

One frequently unguessed cause of a child's inactivity is that it hasn't been made worth his while to bestir himself. If someone comes to him whenever he makes a sound, if he is surrounded by toys for which he merely has to reach out a hand, he may not consider this rushing about his elders do as anything he is supposed to imitate.

Nutritional disturbances and improperly assimilated calcium may be causes for delay in walking which you will want your doctor to check. If these have resulted in faulty bone building it would be harmful to hurry the child into standing or walking. Bow legs and knock knees are a frequent result of the parents' impatience to have Junior walking as soon as a neighbor's child.

There are ways, however, in which you can help a child get ready to walk. Giving him plenty of opportunity to kick from the day he is born is following nature's way of making strong feet and legs. Never let the baby wear tight stockings. Do not tuck the blankets in tightly around the baby's legs.

When the child starts to creep don't try to hurry him through this necessary stage because he gets himself dirty. Again, creeping is nature's way of strengthening the abdominal muscles. The opposite concern is wise when the child learns to stand—that is, watch that he does not overdo this new performance for his feet may not yet be ready to carry the weight of his body.

Shoes are not necessary until the baby starts to walk. They should have a firm leather sole with soft leather uppers. One-half inch longer than the baby's foot and one-quarter inch wider when he is standing on his own weight is a safe rule for measurement. Make sure that they are flexible, wide enough not to cramp the toes, and rough enough to prevent slipping. It is a good idea to scratch the leather soles of a new pair of shoes with a sharp knife to avoid skids.

NOTICE TO CREDITORS

IN THE COUNTY COURT OF THE STATE OF OREGON FOR THE COUNTY OF JACKSON.

his first steps alone does he reserve this new achievement merely for getting from one place to another? Certainly not—walking is fun! So give him plenty of space and don't think he is being naughty if his new freedom makes him a greater care than when his movements were circumscribed.

Pelicans Turn Tables on Crates

It took the combined efforts of the Klamath Falls and Dorris baseball teams, forming the Klamath All-Stars, to whip the Medford Craters 5 to 2 at the Medford fairgrounds park last Sunday afternoon. The Stars led throughout the game with Norm Lewis, who pitched the Craters into the league pennant and President's cup victories, giving up seven blows to lose his first Crater game this season.

Next Sunday and Monday afternoons the Craters will play host to the Chico Cubs in a brace of games. It will be Chico's first appearance on the Medford diamond for a long time and two fine exhibitions of baseball are expected.

The Medford Athletic association, sponsor of the Craters is endeavoring to sign other exhibition games to round out the balance of the season.

M. T. BURNS ON THE PLAZA

THREE YEARS OF LUMBER WAGES AND VALUES GO UP IN SMOKE

"That's a lot of money," says Helen Furr, Eugene lumber miss to Marguerite Allen, another office employee of the West Coast Lumbermen's association at Eugene, as she points to the \$350,000.00 on the life-sized check made out on the First State Bank of Natural Resources. The check of course has been cancelled, and is intended to show the actual monetary loss in lumber workers wages and values from the man-caused Tillamook fire of 1933. Oregon has had its best forest fire year in history, reports Nelson S. Rogers, who believes that the low number of man-caused forest fires this year is due to the fine cooperation being given the Keep Oregon Green campaign by the people of Oregon. Two bad fire months are ahead of us, and extreme caution must still be taken, Rogers warns.
