## THIS, TOO, IS A Task Force

and the task is War. Under the busy fingers of the  
long distance operators flow messages that move  
ships, locate and assemble supplies...that help to  
aid ships, guns, tanks and planes.  
To handle the gigantic volume of long distance  
calls, we could use more equipment if we could get  
it. But that would draw upon critical war materials  
that are needed at the fighting fronts.  
So we earnestly ask you to co-operate by making  
war-busy centers, only long distance calls that are  
absolutely necessary.  
Thank you for your help and your understanding.

ailments. Soon pruning, and planting, and  
plowing will be upon you, you'll need the  
old car THEN.  
There are two kinds of mechanical service—  
the guess type, and the efficient skill of the  
experienced trained workman. We have the  
latter kind of mechanical service ready and

sets things right, and does them with a  
minimum waste of time, effort and of your
