LET US CHECK YOUR WHEEL ALIGNMENT

Scuffing, pitting and gouging are due to improper wheel alignment. Ordinary wear—sagging springs, worn bushings, bearings, pivots—throw wheels out of line, drag the tires sideways along the road, scuff and burn the tread, and cut mileage in half.

We will inspect your steering with accurate gauges that show exactly what is wrong, and tell you what corrections are necessary. Some inexpensive adjustment may be all you need. DON'T ruin your tires because of neglect. The same corrections that stop abusive tire wear, also give Touch Control Steering.

SUMMER QUARTER PLANNED AT OSC
OREGON STATE COLLEGE—
A "streamlined" summer quarter for regular students in addition to the usual summer session has been authorized for this institution as well as for others in the state system of higher education. This will permit students in many fields to accelerate their college training.

Born to Mr. and Mrs. Homer Culbertson on March 13, a son.

NAOMI COMPTON HAWKINS

Funeral services were held last Friday in the Latwiler Funeral Chapel for Mrs. Naomi Hawkins. The Rev. James Edgar officiated. She is survived by her two daughters, Mrs. Mary Vestal of Ashland and Mrs. Bertha DeHart of Redding and one son Harvey of Ashland.

SUPERINTENDENT VISITS

Dr. and Mrs. G. W. Bruce had as their week end guest Dr. Silas E. Fairham, Superintendent of the Cascade District of the Methodist Church. Following last Sunday morning service Dr. Fairham conducted the Quarterly Conference. At this meeting the church extended a unanimous request that Dr. Bruce be appointed to serve this church for the fourth year beginning at the next session of the Annual Conference this coming June.

MARY PEARSON MELQUIST

Funeral services were held yesterday at the J. P. Dodge and Sons Funeral Chapel for Mrs. Mary Pearson Melquist who passed away in Los Angeles last Thursday. The Rev. Loree of the Baptist Church officiated. She is survived by two sons, Albert L. of Cheyenne and Charles E. of Pendleton and a daughter, Mrs. H. H. Sprout of Los Angeles.

BUY BONDS

Mr. and Mrs. Walter Herndon of Klamath Falls were in Ashland several days this week.

"She uses the telephone only if she needs to and she is thoughtful of the rest of us!"

In these days when telephone lines are carrying thousands of war calls, and the materials for new lines are not to be had, teamwork by telephone users on party lines counts a lot.

Reasonable use, prompt answering, thoughtfulness of others, are helpful to all.

Telephone neighbors appreciate such teamwork.

Seed Money

There's only one thing more foolish than killing the goose that lays the golden eggs. That's living up the money that has been put away to buy the seed for next year's crops.

Although G-E turbines and lamps and refrigerators don't grow from any seed you can buy at a seed store, yet any manufacturer—no matter what he makes—has a seed problem just the same. For next year's models, and improved designs, and new products—all these cost money. Money for research, and engineering, and new tools, and advertising to tell the public where a product can be obtained, and how much it will cost.

And the only place this money can come from is out of past earnings, or borrowing on the promise of earnings in the future. In other words—from seed money.

From the seed of research and engineering, planted in years past by General Electric, have come some pretty amazing crops. Incandescent lamps five times as efficient as Edison's, vacuum tubes that made radiobroadcasting possible, refrigerators for the home and electric machines for industry to make important jobs easier.

Right now the crops we're growing are all of the "Victory Garden" kind—weapons that are serving with our armed forces on land and sea and in the air.

But we mustn't neglect the seed money for the future. We're looking forward to the continuance of the industrial system that will allow us to open up and cultivate other new and promising fields. So, tomorrow, look for important developments in television, fluorescent lighting, plastics, electronics. These will be familiar words in the post-war world. GENERAL ELECTRIC COMPANY, SCHENECTADY, N. Y.
