**BUS OFFICIAL ADVISES AGAINST VACATION TRAVEL**

Repeating his advice to the traveling public not to do any non-essential traveling during the coming months, F. W. Ackerman, Vice President of Pacific Greyhound Lines, in a statement to the press advises people to stay at home this summer and spend the money they would use for a trip to buy additional war bonds.

Acknowledging that this is unusual advice coming from a company whose business is to promote travel, Mr. Ackerman pointed out that winning the war is more vital to everybody than taking week-end or vacation trips.

Stating that while many war workers and others would undoubtedly benefit from a short vacation, Mr. Ackerman believes that they should relax at home, or near home, rather than take long trips. They should travel ONLY during the middle of the week, get travel information in advance, and carry as little baggage as possible. This cooperation will help relieve the overtaxed transportation facilities so vital to winning the war.

**BUY WAR BONDS**

Winning the war is the most important job confronting us today—far more important than taking a week-end or vacation trip. Transportation is vital to this victory toward which we are now advancing. Because buses are already crowded with military traffic, war workers and others whose business is important to the nation's welfare, there is little room for vacation or pleasure travelers.

That's why we say "Please don't travel unless you absolutely have to." Refrain from unnecessary travel now and buy War Bonds with the money you would spend for your trip. It's the patriotic thing to do.
