WARNED OFF

When the telephone bell rang the duty man at the fire station answered.

"Is that the fire station?" came a voice over the wire.

"Yes," said the fireman eagerly.

"Well, I've just had a new rock garden built, and I've put in some very rare plants."

"But where's the fire?" demanded the fireman.

"Some of these plants are very expensive," the voice went on, "and—"

"Look here," said the fireman wearily, "don't you want a flower shop?"

"No, I don't," said the voice. "I was coming to that in a minute. My next-door neighbor's house is on fire and I don't want your clumsy firemen walking all over my garden while you're here."

MEETING WITH THE
PRESIDENT

Certain senators who have been working backstage for a streamlined "war cabinet" got some interesting ammunition when they cross-examined one of the President's close associates at a closed-door committee meeting.

They learned that cabinet meetings, except for an increase in the number of participants, still are being conducted on an informal, crack-barrel basis, with no plan or system.

The weekly meetings are conducted without an agenda. Cabinet officers and agency heads never know what will be discussed from week to week, frequently come unprepared for policy questions that affect them.

Senators who have been digging into the matter feel that the White House secretariat should contact department and agency heads several days before a cabinet meeting to learn what problems they want to discuss with the President. On the basis of this, as well as matters the President himself intends to bring up, an advance memorandum could be prepared and distributed before the meeting.

Besides regular cabinet officers, there are usually a dozen other top government officials at White House sessions, including Harry Hopkins, Manpower Chief Paul McNutt, WPB Chief Donald Nelson, Farm Czar Chester Davis, Economic Stabilizer James Byrnes, Admiral William D. Leahy.

Time was when disputes between departments and agencies were ironed out at a cabinet meeting, but not now. Even disputes affecting major military and domestic policies are passed over. Favorite trick of department heads, who have a ticklish matter on their minds, is to wait until the meeting is finished, then pass a note to the President stating their particular problem, with a request for a private audience.

FOUR GERMANS WATCH U. S. A.

There are four Germans who know the United States better than any others. Where they are now reveals what importance Hitler attaches to the United States and its influence on the neutral countries. For all four Germans are located in key neutral capitals where they can watch Americans and keep their ears open for news of U. S. diplomatic and military maneuvers, and counteract American influence.

Here are the four German experts on the U. S. A.

Franz von Papen, German military attaché in Washington during the last war when he engineered plans to blow up the Welland canal and brain-trusted various other saboteurs.

Hans Heinrich Dieckhoff, ex-ambassador to Washington and one of the most skillful to be stationed here in years.

Hans Thomsen, counselor and charge d'affaires of the German embassy after Dieckhoff left Washington.

Kurt Sell, correspondent of the official German News Agency DNB, long stationed in Washington where he was generally popular. Unofficially he acted frequently for the German Embassy.

In Europe these four are now stationed as follows: Von Papen in Turkey; Dieckhoff in Spain; Thomsen in Sweden; and Sell in Portugal.

These are countries which, if they moved their neutral position one way or the other, might decide the fate of the war.

DEFEAT IN BURMA

Recent events in Burma unfortunately have pretty much punctured the one-time world-beating reputation of Gen. Sir Archibald P. Wavell, supreme commander in the India-Burma theater.

The Japs are reported to have only about 50,000 men in Burma. How many the British have in the entire India area is a military secret but it can't be less than a million. However, there is one factor mitigating the otherwise dismal fiasco of General Wavell—most of his army is Indian.

Indian troops have fought well in other wars, but not in this one. Generalissimo Chiang Kai-shek, vitally interested in reopening the Burma road, recently has hinted at the reason.

Would it not be better, he tactfully suggested, to settle India's political problems rather than lose China? In other words, Indian troops with no independence to look forward to, are not going to fight their best.

CAPITAL CHAFF

Generals Giraud and DeGaulle are going to unite on at least one thing—an ultimatum to Admiral Robert of Martinique that he resign. @WPB's Ex-Vice Chairman Ferd Eberstadt says: "Before I came to Washington my crowd in Long Island hated Ickes, and I was provincial enough to agree with them. But I have found that he is one of the best executives in Washington and one of the few who always keeps his word. When he promises to do a thing, he does it."

Last Word in Deliciousness . . . Chicken Chowder!
(See Recipe Below)

Get Your Protein!

There's no reason why you should not be getting your necessary protein into your daily menus, or why using meat alternates, i.e.—foods you use alternately with meat—should become a dull or difficult problem.

Here's your opportunity to show your family what a really smart

homemaker you are—for you can keep up their admiration for you by serving an endless variety of good egg and chicken dishes, and fish in all its variety. These foods are protein-rich and with a little ingenuity you can make a star performer out of many of them.

Chicken comes beautifully to the rescue for it's a good, complete protein and the supply is good, especially at the present time. Use chicken wisely, however, a little bit of it combined with other foods can make a meal or more out of one chicken. Here's an example:

*Chicken Chowder.

(Serves 6)

1 cup cooked, diced chicken
2 ounces salt pork, finely diced, or
4 tablespoons chicken fat
2 to 4 tablespoons onion, finely chopped
2½ cups potatoes, diced
1 cup celery, diced
2 cups chicken stock
1 No. 2 can kernel corn
1 tall can evaporated milk
¼ teaspoon paprika
¼ teaspoon ginger
1 teaspoon salt
¼ teaspoon pepper
2 tablespoons chopped parsley

Cook salt pork in sauce pan over low heat until lightly browned. Add chicken and onion and cook until onion is soft, but not browned. Add potatoes, celery and chicken stock. Simmer until vegetables are tender. Add corn, milk, and seasonings. Heat thoroughly, stirring occasionally. Season to taste with additional salt and pepper, if desired. Serve very hot with crackers, hard rolls or toast.

Make good use of crisp, cool vegetables to go into a salad with the Chicken Chowder to round out the meal:

*Chef's Salad.

(Serves 6)

1 head lettuce
2 tomatoes, cut in quarters
4 sprigs onions, cut fine

Lynn Says:

The Score Card: Consumers can do a lot in stamping out the illegal sale of meat by making sure that all meat they buy comes from a carcass which carries the necessary stamps—the permit number of the slaughterer and a grade stamp.

Ceiling prices are in effect in many areas for meat. They are posted by the butcher near meat counters and you can consult them when buying your meat.

Changes have come about on the bread situation. No more double or triple wrapping is allowed for bread and rolls. No more leftover bread or rolls can be returned to the baker, nor can there be any fancy racks for displaying bread.

Retail bakers are limited to 15 varieties of bread and nine varieties of rolls in one week. Many of these measures are designed to keep bread prices down.

Although outwardly, bread trimmings have been stripped, the insides are better. All white bread must now be enriched. Each loaf of white bread must contain not less than three parts nor more than four parts of milk solids to 100 parts of flour.

Menu

2 hearts of celery, cut fine
2 hard-cooked eggs, quartered
Wash lettuce and dry in towel. Break lettuce apart, but do not cut. Place in chilled bowl and add remaining ingredients. Toss lightly together with french dressing.

Another good dish using chicken, a complete protein food, and spaghetti usually classified as a second class protein food, is combined in this way:

Spaghetti and Chicken Casserole.

(Serves 8)

¼ cup chicken fat or shortening
¼ cup chopped onion
¼ cup flour
2 cups chicken stock
1 cup grated cheese
1 cup cooked tomatoes
2 cups diced chicken
1 8-ounce package spaghetti, cooked
½ cup buttered bread crumbs

Melt fat and cook onions slowly for 10 minutes. Add flour, stir well, add stock, stirring constantly, until thickened. Add cheese and stir until melted. Blend in tomatoes and chicken. Place chicken mixture and spaghetti alternately in greased casserole. Cover with buttered crumbs. Bake for 25 minutes in a 375-degree oven.

Ever think of creaming deviled eggs? They make a delicious main dish on warmer nights:

Creamed Deviled Eggs.

(Serves 4)

4 hard-cooked eggs
1½ teaspoons vinegar
½ teaspoon dry mustard
¼ teaspoon salt
¼ teaspoon pepper
½ teaspoon sugar
1½ tablespoons melted butter
1½ teaspoon Worcestershire sauce
1 cup white sauce

Cut eggs lengthwise into halves. Combine egg yolks with next seven ingredients. Beat together until well blended and smooth. Fill whites with yolk mixture, place in baking dish and cover with white sauce. Bake in a moderate (350-degree) oven 15 minutes. Serve hot on biscuits or toasted English muffins.

If desired, use ¼ cup condensed mushroom soup thinned with ¼ cup milk instead of the white sauce.

A dessert can take the place of a protein food for a meal and help you along in getting important body building and maintaining material, if it's a dessert like this:

Oatmeal Peach Pudding.

(Serves 6)

2 cups canned peaches, fresh rhubarb or apples
2 tablespoons lemon juice
¼ teaspoon cinnamon
1 tablespoon butter
¼ cup melted shortening
¼ cup brown sugar
¼ cup sifted flour
¼ teaspoon salt
¼ teaspoon soda
½ cup quick-cooking oatmeal
¼ teaspoon vanilla

Arrange fruit in shallow, greased baking dish. Sprinkle with lemon juice and cinnamon and dot with butter. Combine melted shortening and brown sugar. Sift flour, salt and soda together and mix the oatmeal. Blend in sugar mixture, crumbling well, then add vanilla. Spread over fruit and bake for 45 minutes in a 350-degree oven. Serve warm with pudding sauce or top milk.

SNAPPY FACTS

ABOUT
RUBBER

Considering cost of oil, gas, tires and upkeep, it is estimated that the cost of driving the average car for 1000 miles at 45 miles per hour is \$22.03. At 25 mph the cost is cut to \$14.38 and at 35 mph it is held to \$17.88.

Malaya and the Netherlands Indies were the only sources of natural rubber in the world which had been successfully exploited to an important extent prior to the present war.

Rubber and gas rationing did not drastically cut motor truck operations last year. Official figures show that during 1942 trucks hauled an estimated 46 billion ton miles of freight on main rural highways, compared with 46.7 billion in the more normal 1940.

I SAID GOOD-BYE
TO CONSTIPATION

Harsh, medicinal laxatives only gripped me—and never really stopped my constipation. It always came back. Then I found out why. I just wasn't taking on enough "bulk"—forming foods. So—I started eating KELLOGG'S ALL-BRAN regularly and drinking plenty of water. And—I "Joined the Regulars!"

That's because KELLOGG'S ALL-BRAN gets at the cause of constipation like mine and corrects it—by helping to form a soft, bulky mass in the intestines. If your trouble is what mine was, why not try KELLOGG'S ALL-BRAN? It's made by Kellogg's in Battle Creek and tastes swell.
