MORE PLANES TO CHINA

It can now be revealed that the bottleneck has been broken in transportation to China, and greater quantities of equipment for air operations against the Japanese are being moved.

This is an encouraging development following the successful Chinese operations against the Japs in the Ichang area within recent weeks. Incidentally, these operations have been somewhat exaggerated by the Chinese. It now appears that the Japs did not intend to move against Chungking, nor did they have quite the number of men earlier reported.

The outstanding point, however, is that the Chinese were successful largely as a result of air power. This was a tribute not only to Chenault and the American pilots, but also to a contingent of Chinese pilots flying with the Chenault group.

Until recently it was not desirable to increase the number of planes in China, because the limited supply facilities by air from India constituted a bottleneck. There was no need of having more planes if they could not be supplied with fuel and bombs for operation. Now, however, a greater number of transport planes has been provided for this service and it has become feasible to increase the number of combat planes at the end of the line in China.

PLANES TO RUSSIA

About a year ago, Russian Red army men in Washington almost got down on their knees begging for airplanes. U. S. planes were much scarcer then than today. Production was low and there were also heavy demands from Egypt and MacArthur.

At one time, the Russians actually suggested that the best way to parcel out lend-lease equipment would be to adopt a very simple standard, namely, which army was killing the most Germans.

Gradually, however, planes were sent to Russia, until today they are going in tremendous quantities. This is one reason why the Nazis have lacked heavy superiority in the air, which previously they had.

In fact, the Russians now have shifted their pleas away from airplanes and concentrated them on food. With the breadbasket of Russia in German hands, large sections of the population are starving.

MAIL BAG

E. C. S., Charlotte, N. C.: An applicant for enlistment in the navy who has a nude woman tattooed on his arm will not be accepted until the lady acquires a tattooed dress. One of the navy's causes for rejection is "obscene, offensive or indecent tattooing."

P. B., Philadelphia, Pa.: Technically speaking, a WAAC may not resign. She may request a discharge through her commanding officer, but the request will be granted only under such circumstances as physical disability or extreme emergency in her family.

F. E. M., Dayton, Ohio: The sinking of the battleship Bismarck was accomplished principally by the fleet air arm rather than by British battleships.

ARMY DOCTORS STYMIED

Next time the army tries to recruit doctors in peacetime, a lot of medicos who patriotically became reserve officers long before Pearl Harbor are going to think twice before they do so again.

Reason is that the doctors who became reserve officers well in advance of war have now been penalized. They are stymied on promotions. Meanwhile, doctors who have come into the army recently have shot way ahead of them in rank.

What happened was that after a lot of reserve corps doctors had been brought into the army, still more doctors were needed. So the medical corps upped its bids. It offered higher commissions as majors and lieutenant colonels.

Meanwhile, when lower ranking former reserve officers raise the question of promotions, the stock reply is: "The tables of organization do not permit it."

MERRY-GO-ROUND

¶ The OPA or the army-navy might well do something for army-navy wives who have to pay terrific seasonal rents at Atlantic coast establishments.

¶ Gen. Albert C. Wedemeyer, crack strategist of the U. S. general staff, who had opposed some of Churchill's strategy ideas, has suddenly been transferred from War Plans to North Africa.

¶ Harry Hopkins knew very little about the creation of Justice Byrnes' new War Mobilization office before it was created—though he is a member. Some politicians interpret this as meaning that Harry is slipping in his close personal friendship with FDR—but he isn't.

¶ Shenango Depot, Pa., has a stockade where about 2,000 soldiers are detained as prisoners, but thousands of other I-A men are sent there for transfer to other areas. It is a transfer center, and the fact that a man is sent there does not mean he is going to a dumping-ground.

HOUSEHOLD MEMOS

by Lynn Chambers

Tall, cool glasses of Ginger Cooler will help get your daily quota of milk into your summer diets besides foiling Ol' Sol on his busiest days.

Cool Salads, Drinks, Sandwiches Help Keep Family Comfortable

You will bless the sandwich, salad and cool drink ideas on those warm days when it is too hot to roast the meat and cook all your vegetables.

Set the table in your coolest colors with coolest foods, and don your coolest frock, and you will be giving your family the best—on the home front. It's doubly important that you keep yourself and your family fit during these times as there are so many activities demanding buoyant health and energy. Even though the food you serve is on the cool side, make every bit of it count as far as its nourishment is concerned.

Cram the salads full of vitamins and minerals, and plan your menus to give your family a well-balanced diet. Foods served during the summer should be even more appetizing than foods served during other seasons, for appetites tend to lag.

If the family does not want to eat a great deal during the meal proper, make the snacks count. For instance, milk drinks will help to get in the pint daily for adults, and the quart for children. You'll enjoy this simple and delicious beverage:

*Ginger Cooler.

(Makes 1 tall glass)

1 cup milk, chilled
½ teaspoon salt
½ cup ginger ale
2 to 3 tablespoons vanilla ice cream

Pour into a tall, chilled glass. Add salt and stir in ginger ale. Top with ice cream and serve immediately.

There's something about good, old-fashioned lemonade that still hits the spot during days that the thermometer speeds to the top rung of the temperature ladder:

Grandmother's Lemonade.

(Serves 10 to 12)

2 cups sugar or 2½ cups honey
2½ cups water
Juice of 6 lemons
Juice of 2 oranges
Grated rind of 1 orange
1 cup mint leaves

Cook sugar and water 10 minutes. (If using honey, bring water to a boil, then add honey and cook 5 minutes.) Cool. Add fruit juices and rind. Pour over mint leaves. Cover and let stand one hour.

Strain into jar and keep in refrigerator. Use ½ cup syrup for each glass; fill with crushed ice and water.

Sherbet's a popular dessert, and plenty cool! The citrus fruit in this makes it even cooler:

Orange Sherbet.

(Makes 1 quart)

1½ cups sugar
1 cup water
2 egg whites, stiffly beaten
2 cups orange juice
3 tablespoons lemon juice

Boil sugar and water together for 5 minutes. Beat slowly into egg whites. Add fruit juices. Pour into freezing tray and set cold control at fast freezing. Freeze stiff, then beat or stir thoroughly. Return to freezing compartment and finish freezing. Serve in sherbet glasses.

Point Savers: Don't stretch those points out of joint when you're making sandwich fillings. Try these suggestions:

Diced chicken, green pepper, pickle, mayonnaise.
Sliced chicken with orange marmalade, or sliced chicken and dill pickle, sliced.

Cottage cheese and crisp, chopped bacon.
Hard-cooked egg, chopped with minced pimientos, diced green pepper, and mayonnaise and chili sauce to moisten.

Chopped hard-cooked egg, chopped stuffed olives, mayonnaise.

Chopped hard-cooked eggs and catsup to moisten.
Peanut butter, raspberry jam. Shredded cabbage, grated pineapple, mayonnaise.

*Royal Lamb Salad
Sliced Tomatoes Carrot Sticks
Whole Wheat Bread Butter
*Ginger Cooler
Cookies
*Recipe given

garnishing each with sprig of mint and a half slice of unpeeled orange. Salads that are full of protein and that keep the cook cool are these that fill the main dish order of summer meals:

*Royal Lamb Salad.

(Serves 6)

2 cups diced, cooked lamb
1 cup diced celery
1 cup Bing cherries
4 hard-cooked eggs
½ cup chopped nuts
1 teaspoon salt
1 cup mayonnaise
Salad greens

Combine all ingredients except mayonnaise and chill thoroughly. Just before serving, toss in mayonnaise lightly and serve on a bed of greens. If desired, garnish with additional slices of hard-cooked eggs and cherries.

Veal and Bacon Salad.

(Serves 6)

2½ cups cold, cooked veal, diced
½ cup crisp bacon, finely cut
½ cup diced celery
¼ cup radish slices
½ cup mayonnaise
6 small tomatoes

Mix the veal and the bacon with the celery, radishes and mayonnaise and chill. Place each peeled tomato in a lettuce cup. Cut down several sections to open. Place a mound of the salad mixture into each tomato and top with mayonnaise.

Occasionally a fruit salad is all that is desired for a simple lunch. In that case, make it as attractive and nourishing as possible:

Summer Fruit Salad.

(Serves 6)

1 medium cantaloupe, peeled and cut in cubes
2 cups raspberries or dewberries
2 cups diced fresh pineapple
Chill and mix lightly together. Serve portions on crisp lettuce or

A cool dessert for a cool meal—Orange Sherbet. It can be simply made in the cool, morning hours, stored in the refrigerator until ready to serve.

watercress and top with mayonnaise flavored with honey.

Finger sandwiches go well with the salads to round out the meal and are both cool and delicious:

Ground boiled ham with ground pickles and mayonnaise.
Cottage cheese, chopped stuffed olives, nuts.

Peanut butter, raspberry jam. Chopped dates, orange juice, chopped nuts.

Mashed cooked shrimp and cream cheese.

Flaked salmon, chopped cucumber and mayonnaise.

Cookies like these will go well with your fresh fruits:

Molasses Raisin Bars.

½ cup shortening
½ cup sugar
1 egg
½ cup baking molasses
2 cups sifted flour
½ teaspoon salt
½ teaspoon soda
1½ teaspoons baking powder
½ cup sweet milk
1 cup chopped nuts
1 cup raisins

Cream shortening, add sugar and beat lightly. Add egg, beat well, then add molasses. Sift flour with dry ingredients and add alternately with milk to first mixture. Add chopped nuts and raisins. Spread thinly in greased shallow pan and bake in a moderate (350-degree) oven for 15 to 20 minutes. Cut in bars before cooling.

Cordell Hull, Always

The Perfect Diplomat

Col. Harold B. Hinton, now with the U. S. army headquarters in London, has written a life of Cordell Hull, United States secretary of state, which is being published in England. He tells the following:

Hull has always been famous for his reluctance to commit himself—and even at the beginning of his political career disliked making a definite statement about anything. However, one self-confident man bet that he could get a direct answer from the cautious statesman. "What is the time, Mr. Hull?" he asked.

Hull took out his watch, looked at it, and then said: "What does your watch say?"

Were Girls Ever?

Some men still try to say that women can't do a job as well as men. The girls have proved themselves.

Even small boys recognize the fact. The other day one of them told his father that he'd lost his place at the top of the class. The new top was a girl.

"Surely," said his father, "you aren't going to be beaten by a mere girl?"

"That's all very well, dad," was the reply, "but girls aren't nearly so mere as they used to be."
