Here's a Headache For Some Sergeant

If it were left to a vote of first sergeants, five registrants of the Malheur County (Oregon) Local Board probably would be deferred for the duration. They are: Nicolas Guerricaechebarria, Jesu Cerlabitarto, Alfonso Acordagoitia, Rufus Yturondabeitia and Pedro Zubizarreta. Pity the plight of the "top" who must call that roll.

LOOK Lady

with JOSEPHINE HUDDLESTON

How many times has your dream of dressing up the closets gone smash because, when you really checked things over, the shelves were needed for storage.

This year you really can redecorate the closets for we've an idea that will give you loads of safe storage for all winter woollens and add charm and graciousness to your home all the year round!

New charm for your living room or hall and extra storage space for not-in-use woollens are combined in new cedar chests made of red cedar heartwood which insures moth protection. Exteriors are veneered in a wide variety of popular woods so that chests may be matched to other furniture.

Have you looked at cedar chests lately? If not, you've a beautiful surprise awaiting you for modern cedar chests are smart, attractive furniture that fits into any room in the house. They are as revealing of beauty and concealing of utility as the smile upon the lips of a woman in love.

Maybe you'd like a low modern piece in light color with a flat surface for magazines, flowers and ash trays... used as an occasional table between two cozy chairs. Then, by all means look at the new cedar chests in bleached woods styled in long, low lines.

And, for that window at the end of the hall where the space isn't wide enough for 3-cornered cabinets or chairs at the sides of the window but which looks so empty and uninviting, you can find a cedar chest for placing under the window, put a pillow or two on top of it, put some trailing vines at the sides of the window... and turn an eye sore into a haven of rest and beauty.

Then, there's high massive cedar chests the men will fancy because they appear so masculine, and delicate chests that give the final note of charm to the daintiest bedroom.

All these are yours for the looking, in modern or antique designs and wood. And, any of them will give you that extra, safe storage space you need before you can remove the clutter from the closets and decorate them as you've always wanted to do.

MAY BE TIP HERE FOR PERMIT HOLDERS

Dr. M. J. Belton, veterinarian for the State Department of Agriculture, was rushed to the James Steinechner farm north of Florence to investigate what the telephone summons gave suspicion might be hog cholera.

Belton found the 46 hogs were reeling and wobbling around all right, and having not a little trouble handling their posterior parts. But not because they had any disease—the hogs were drunk on fermented whey!

Jean Arthur and Joel McCrea in a scene from Columbia's new comedy hit of 1943, "The More the Merrier," with Charles Coburn.

Special Attention to To Be Given to Freshman Students

Individual attention will be given to entering freshmen students at the University of Oregon fall term by a special group of advisers who will not only help the students select courses required for their major, but also courses which will best fit them for specialized training when they are inducted into the armed services. It was announced this week by Donald M. Erb, president.

Entering freshmen subject to military service will also have an opportunity to prepare for the Army-Navy qualifying examinations to be given at the University early in November. Those students who pass the examinations may then enlist in the Army or Naval reserve programs (A-12 or V-12) and will be assigned to an Army or Navy college training unit for the continuation of their education when they are called to active duty.

The A-12 (Army) reserve program gives special training in the fields of engineering, psychology, medicine and languages, while the V-12 (Navy) reserve program offers special training in deck, engineer, supply, aviation, pre-chaplain, pre-medical and pre-dental and marine corps.

The new lower-division advisory program will help the student coordinate his courses in his major field of study, with those which will better prepare him for service in the armed forces, Mr. Erb explained. "The university has already adjusted its curriculum to meet the demands of the war-training program. It is hoped that the advisers will work out a course of study for each individual student so that he may prepare himself to be of maximum service when called to the war effort, and at the same time advance in his own field during his stay at the university."

Further details about possible courses of study may be obtained by writing to Carl F. Kossack, armed services representative for the University of Oregon.

JESSE DANIELS WALKER, JR.

Funeral services were held Monday afternoon in the I.O.O.F. addition to Mt. View Cemetery for Jesse Daniels Walker, Jr., aged 1½ years, who passed away at the Community Hospital last Friday. The Rev. J. Z. Walker conducted the service. Survivors include his parents, Mr. and Mrs. Jesse D. Walker and sisters, Yvonne and Linda; grandparents, Mr. and Mrs. J. Z. Walker, all of Ashland and Mr. and Mrs. E. R. Stacey of Effington, Kansas.
