## Oregonians Endorse Work Of Sen. Holman Citizens Praise Results Gained For This State

Portland, Ore. (SPECIAL)—The following quotations from letters are typical of hundreds received expressing appreciation of Senator Rufus C. Holman's effectiveness at the nation's capitol:

"I have witnessed your fights in our own state for the Oregon National Guard, and later in the United States Senate your fearless stand for adequate appropriation for our defense forces. You have truly been a champion."

### NEW OREGON INDUSTRY

"I hasten to extend congratulations and sincere appreciation on behalf of the people of Oregon for the splendid work you have done in securing for Oregon the alumina clay plant."

"You are doing a commendable job in protecting the interests of the Pacific Northwest as well as the war effort."

"We have been dealing for the past twelve years with Oregon Senators and Congressmen in Washington and never have we received such smooth co-operation and rapid handling of our every request for information and action."

"I want to congratulate you heartily on the successful outcome of your effort to obtain increased forest fire appropriations. This was a hard, fighting chance, but you took it and have won out. We are all indebted to you."

"May I express my sincere thanks to you for your interest and support given this recent deficiency appropriation bill to provide maternity care to wives of enlisted men in the armed forces."

"We take this opportunity of extending to you our thanks for your assistance which made it possible for us to secure tin plate to continue packing carrots, which would otherwise have gone to waste in this locality. We had been trying for weeks without any success until we called upon you."

### TURKEY GROWERS SAVE

"Thank you for your efforts in behalf of the turkey producers of our state, as this means a saving to them of several hundred thousand dollars."

"It is a pleasure to know that when some emergency like this arises that we have representation back in Washington that is able to produce results."

"At this time we want to thank you on behalf of the industry and the farmers for your efforts in seeing that the irrigation equipment was included with other farm equipment." (For priorities.)

"I am sure that your resolution asking for a full and complete investigation of Federal regulations governing the distribution and sale of meat, poultry and dairy products will meet the universal approval of the growers."

### FARM PROGRAM AIDED

"I want to express our appreciation of your great and effective help with regard to agricultural appropriations affecting the extension and research programs of the Land-Grant Colleges. Thank you for your assistance."

"Your activity in the Forest Fire Protection Appropriation is being very well received in the Pacific Northwest. You are doing yeoman service in this field. We are very appreciative of your interest in Extension matters. A number of land-grant colleges have indicated their appreciation of your interest."
