## That Old Chair Can Easily Be Reclaimed

NEW cane seats are expensive because the work is done by hand. Endless time is required also for scraping off layers of paint to get down to the grain of the wood in doing over many pieces of furniture. The chair shown here did not seem to be worth this labor. It was reclaimed with a seat from a scrap of plywood, blue

paint and seat cover of blue and white ticking edged with white material raveled to make narrow fringe.

The chipped white enamel that was on the chair was rubbed with coarse and then with fine sandpaper until smooth. The new seat came next; then flat paint which was allowed to dry 24 hours before applying enamel. Next, the seat cover was made with a straight band around the front and across the back terminating in ties at the back corners.

NOTE--This chair remodeling idea is from BOOK 10 which also contains directions for making an adorable padded boudoir chair from an old kitchen chair; a high-back chair from an old rocker and an attractive upholstered chair from odds and ends of wood, a little padding and some chintz. Send name and address with 15 cents and receive a copy of BOOK 10.

## Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work--do not act as Nature intends--fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes--a feeling of nervous anxiety and loss of pep and strength. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. Ask your neighbor!
