Gen. Doolittle Praises Soldiers of Eighth Air Force

ENGLAND, VE DAY—Among the 185,000 men and women of the Eighth Air Force congratulated today by Lt. Gen. James H. Doolittle, who assumed command of the Eighth in January, 1944, were several people from Ashland.

"I wish to extend my personal congratulations and my heartfelt appreciation to every one of you for the magnificent job you have done," Gen. Doolittle said in a message to all personnel.

Each of you," he continued. "may be proud of your part in the defeat of Germany. I am

proud of you. The world is proud of you."

The Eighth Air Force was the world's mightiest strategic bombing force. Its personnel of 185,000 was the equivalent of 12 infantry divisions, and it could send 21,000 airmen in 2,000 four-engine bombers and 1,000 fighters over Germany at one time, a combat effort possible only through the support of tens of thousands of non-flying specialists.

Among personnel of the Eighth from Ashland were: First Lieutenant Jackie M. Bishop, 75 Coolidge St.; Staff sergeant John Arvid Bergstrom, 467 Chestnut St. Staff Sergeant Donald J. McCulloch, Route 2; Sergeant Clyde F. Blaylock, Box 251; Sergeant Stanley J. Leggett, 243 Mountain Ave.; Sergeant Charles H. Coffin, 30 Iowa St. Private First Class Amasa L. Gioman, Jr. 151 Nursery St.

ELECTRICAL LIVING, too?

WHAT IS ELECTRICAL LIVING?

It's simply making electricity your servant, to eliminate the drudgery of housework. In every home there are scores of ways in which electricity can save you time and energy. In the kitchen you can have automatic cooking, effortless dishwashing, better food preservation. All through the house there are equally important ways in which electricity can add to your comfort and pleasure. Electrical Living means taking advantage of as many of them as you can.

HOW CAN YOU HAVE IT?

Simply see that your home is properly wired, so your present electrical equipment... and new things in the making... will have plenty of current, where you need it. Whether you plan to build or modernize, make sure that the wiring will keep your house up-to-date electrically.

WHEN CAN YOU START?

Soon, we hope. But, in the meantime, it is important to decide on what electrical conveniences you want, and the wiring needed for them. It's not too early for that. In fact, it's important to plan now, so you can start to enjoy the benefits of Electrical Living as soon as it is available.

LET US HELP YOU PLAN

To help with your planning, we have a special department that will be glad to tell you some of the things to expect and that will help provide proper wiring so you can enjoy all the good things that Electrical Living promises.
