DR. HARRY SEMLER, Dentist
ALSKY BLDG., 3rd & MORRISON - PORTLAND, ORE.

Flameproof Plywood
A flameproof plywood is now a reality. By a special process finished plywood is fireproofed without in any way impairing its strength or other qualities. The navy uses much of it for craft bulkheads and repairs.

Bursting Paper Bag
The bursting of an inflated paper bag raises the average person's brain pressure for times higher than morphine or nitroglycerine, two of the world's most powerful drugs.

Salty Soup
If you've oversalted soup or stew, just drop one or two small, pared potatoes into the pottage. They'll absorb most of the excess salt. Fish them out before serving time.

Poached Eggs
For poached eggs add a few drops of vinegar or lemon juice to the pan of water before dropping in the eggs. The whites won't separate in water.

Overcooked Egg
The unpleasant dark-colored ring that often appears on the outside of the yolk of a hard-cooked egg is the result either of too much heat or too long cooking.

Protect Rings
A safe place to keep your rings while washing dishes is on a hook screwed in kitchen cabinet, window sill or woodwork near the sink.

Best Asparagus
Asparagus is best when harvested in early morning, before it has a chance to dry out and toughen in the heat of the day.
