

### Delbert Lacy on Hospital Staff in France

With U. S. Forces in Southern France:—In a wilderness of trees and hills near Aix, United States Army Engineers have turned buildings and landscape of a deserted French sanitarium into a modern medical center for the 43rd General Hospital, Delta Base Section, which is treating hundreds of frontline casualties weekly.

In eight large buildings and 30 prefabricated wards spread over 170 acres of land, medical miracles are a matter of course. The hospital's operating room is comparable to the best in the United States.

All types of sickness and combat wounds are treated at the hospital, but soldiers requiring long periods of attention are reclassified and returned to the Zone of the Interior.

Comfort and recreation for patients is an important part of the hospital's treatment. To facilitate this, a large auditorium was built for vaudeville and legitimate stage shows and movies. A large post exchange provides a wide variety of soldier-comforts, and a well-stocked library offers everything from Dick Tracy to Shakespeare to lessen boredom of convalescence.

High standards of hygiene at the hospital are aided by a steam laundry and many Aix citizens who work as charwomen, laundresses and laborers, supervised by U. S. soldiers technicians. This civilian labor is paid by the French Government and comes under reverse lend lease. The outside hospital plumbing system has been established according to American sanitary specifications by this combination of French workers and U. S. Soldiers.

Members of the hospital staff are Pvt. Delbert W. Lacy, 121 Bush Street, Ashland.

### JACKSON COUNTY SALES
