The Intermediate Methodist Youth Fellowship held their monthly party in the Fellowship rooms of the Church on Monday evening. They gathered in the rooms at 7 o'clock and enjoyed an evening of games which were provided by different members of the group. Mrs. G. W. Bruce, their sponsor, was with them through the evening, taking the leadership in all the activities. Following the games they had a weiner roast by the fireplace, and

refreshed themselves with hot spiced fruit juices. The fellowship period, just before going home, was out of real heart-searching as they sought and prayed for the presence of Christ in their hearts. Dr. Bruce led in the closing prayer of benediction. Their next party will be held in December and is to be a Christmas recognition party.

today... The Daylights

paramakers for trains to come

Every day Southern Pacific's luxurious streamlined Daylights join San Francisco with Los Angeles in a glorious daylight trip. One Daylight streaks along the California coast, over the Santa Lucia Mountains and along the blue Pacific Ocean shore for more than a hundred miles. Another Daylight travels over the rugged Tehachapi Mountains and through the great San Joaquin Valley.

The Daylights are among the most popular trains in America and the most beautiful trains in the world.

Aboard these luxurious red and orange streamliners you enjoy enormous "showcase" windows five feet wide, soft foam rubber seats, fluorescent lighting, a low-voiced public address system to announce station stops and points of interest, baggage elevators, complete air-conditioning, smooth gliding motion thanks to ingenious tight-lock couplings between the cars.

Modern ideas such as these, tested in years of daily service on Southern Pacific's Daylights, the Lark, the City of San Francisco and the Sunbeams, gave us a head start in designing the trains to come.

Tomorrow... Southern Pacific is planning more streamliners, and will have them on our four major routes as fast as conditions permit. These new trains will be the finest the world has seen. Watch for the new Southern Pacific streamliners. Then it will be more exciting than ever to "try the train."
