

SOUTHERN OREGON MINER

Published every Thursday by the SISKIYOU PUBLISHING CO. 167 East Main Street, Ashland, Oregon.

WENDELL LAWRENCE, Editor

Entered as second-class mail matter in the post office at Ashland, Oregon, February 15, 1935, under the act of Congress of March 3, 1879.

Ashland voters, Republican and Democrat, would be doing themselves a service if they stepped over the party line a bit during Friday's Primary elections in order to get solidly behind Ashland's candidates.

Community representation in Jackson county government would be of assistance to all citizens of Ashland. At present no county office whose home town could really be called Ashland, is holding office. Home town ties are strong; we think that all Ashland would benefit if a home town man were in the county court house in Medford.

Ralph Billings, Ashland, former county commissioner, is seeking the nomination for County Judge. He is opposed by the present incumbent, Judge J. B. Coleman.

Vern Smith, Ashland, a former county deputy sheriff, is running for nomination as sheriff, also against the present incumbent, Sheriff Howard Gault.

Frank Van Dyke, Ashland, is opposing Hilding Bengston for nomination as state representative.

Earl Newbry, Ashland, present state senator, is unopposed.

A vote for any of these candidates is a vote for Ashland.

Among various things that are happening in the Nation this week is the face lifting that Mother Nature is getting as the communities of the country begin repainting, repairing, washing, and cleaning for National Clean-Up Week.

Spring house cleaning is a fine old American tradition and this week entire communities are hard at the sweeping and the dusting; the hoeing, raking and the burning. It's time to get rid of winter's ills and memories, to get everything shipshape for a summer of pleasant living.

Ashland is a beautiful town, a community of lovely homes and gardens, and a town which in addition to a pleasant residential district has a modern business area.

Now that spring cleaning time is here, we think it would be a good idea to get behind the National movement to Clean-Up, a bit of elbow grease and a touch of paint can do wonders. Weather like this is not spring fever weather, now's the time to add to the natural beauty of Ashland, and incidentally to add to those property values.

LOOK to Greyhound first for**FRIENDLY COURTESY**

When you see your Greyhound driver wearing a broad, friendly smile you can be sure he means it. For back of that smile is a sincere desire to make every Greyhound trip the easiest, most enjoyable you ever had . . . and he backs it up with action.

That goes for all the folks in the entire Greyhound family. For *courtesy* is the basic tradition upon which Greyhound's reputation for service has grown from the very beginning.

This quality comes naturally to Greyhound people, for they are friends and neighbors of yours . . . working, playing, owning homes, spending their money, educating their children in your community.

The many letters of appreciation Greyhound folks receive daily are heart-warming and encouraging testimonials which reward Greyhound's constant effort to make every passenger a *friend* as well as a customer.
