

Washington School

Room 4 News

Patsy Edwards brought a red wood burl from Crescent City, California. It is very interesting to watch it grow.

Kathleen Raegan told of her trip to Gold Ray Dam. Several Catfish were caught near there. She then went to Grants Pass, and over to Oregon Caves. Stayed all night Saturday night at an auto Court near Grants Pass,

by Rogue River. Kathleen's sister Pat, her mother and father and Mr. and Mrs. Ernest Allen, Barbara and her brother also went along.

Martha Stephenson and Mother went to Klamath Falls and to Cresdell Lodge where Martha's sister Kassie works. They also went to Eugene, and to Bandon.

Gus Havrelly spent a week at Portland and Vancouver, Washington. He saw Portland Heights, Mt. Tabor, Council Crest and Washington Park. Stayed in Roo-

sevelt Hotel, Gus's mother and brother Charles, also went.

Patsy Edwards brought a very interesting wasp nest to Room 4.

Donald Grasham and Roy Rogers, from Mrs. Lucy's room, brought some books which told about wasps' which helped in the study of them.

Room 8

For Mother's Day the children colored pink or red carnations. They had a very pretty verse with them.

On May Day the children made pretty may baskets.

In Arithmetic we studied board feet and triangles. Now we are going back over the book reviewing what the children don't know.

In Social Studies we have been studying South America. So far we have taken up Chile and Brazil.

We are about half through the book of health. We like it very much.

Everyone in room 8 has been working to get a lot of paper some people alone have 1,000 lbs.

Room 6 News

The pupils in room 6 are working hard to make their final report a good one.

Mrs. Messenger taught us during Miss Aikins absence, and now we welcome her back as Mrs. Strickland.

We have a new pupil in our room, her name is Nancy Overland.

Lois Downing has recently been out of school with the measles and we are glad to have her with us again.

Room 4

Gennell Williams, of Room 4, has a new little baby brother. The new brother was born last Tuesday night, May 14, 1946, at 11:00 in the Community Hospital.

Ashland Sailor 125,000 Man Out

Charles Marshall Gilmore, Signalman first class, of 12 Beach Avenue, Ashland, Oregon, was the 125,000 man to be discharged at the U. S. Naval Personnel Separation Center at Terminal Island, San Pedro, Calif.

Gilmore entered the Navy April, 1941 and has served successively on the USS RADFORD, USS SHACKLE, and the USS THOMAS JEFFERSON. During the above tours of duty, Gilmore saw action at Guadalcanal, Kula Gulf, Rendova, Santa Cruz, Bougainville, Tarawa, Iwo Jima, and Okinawa.

His awards include the Asiatic Pacific Medal with 9 stars, the American Theater campaign ribbon, the Victory Medal, the American Defense medal with bronze A, the Presidential Unit Citation, and the Good Conduct Medal.

The former bluejacket holds a letter of commendation from Admiral Ainsworth for his heroic action at Kula Gulf, July 3. When the USS HELENA was sunk during a night battle, Gilmore went over the side of his ship which was under heavy fire, to rescue survivors, showing great courage and fearlessness beyond the call of duty.

Nephew of Ashland Ladies Killed in Auto Accident

Arthur L. Goss, Salem, a nephew of Mrs. A. T. Langell and Mrs. Etta Kilgore of Ashland, was instantly killed in an automobile accident at Stayton, Oregon on Thursday, May 16. Mr. Goss' funeral was held in Salem and burial was in the family plot in Stayton.

Mrs. Endicott Presents Library Smithsonian Set

Mrs. Hallis C. Endicott presented the Ashland Public Library with a 12 volume set of the Smithsonian series last week. Miss Cora Mason, librarian stated that the fully illustrated set was a valuable addition to the library.

Researchers and casual seekers of information will find the following subjects fully covered: The Smithsonian Institution; The Sun and the Welfare of Man; Minerals from Earth and Sky; North American Indians; Insects; Their Ways and Means of Living; Wild Animals in and out of the Zoo; Man from the Farthest Past; Fishes, Amphibians, and Reptiles; Birds and Beasts; Shelled

Creatures; Geological History; Old and New Plant Lore; and Great Inventions.

The Public Library board stated that they greatly appreciated such gifts which indicate a manifest feeling of appreciation of the service rendered by the library to the community. Miss Mason pointed out that the generous interest of Mrs. Endicott is a sample of the intelligent help that may come from the citizens served.

There is at present serious consideration being given to organizing locally a "Friends of the Library" organization which has as its mission the continual advancement of library facilities.

Irving Charles Willard, 29 of 230 Rogers St. Klamath Falls, was killed Saturday night, when the Ford pickup he was driving overturned on the highway between Klamath and Ashland.

The car burned after being overturned and started a small fire in the immediate area. Robert Stott, 160 Lew's Avenue, Klamath Falls was with Willard and was seriously injured. Stott is in the Community hospital here.

Both men were on their way to Ashland. As the car rounded a curve one mile east of Pinehurst the accident occurred, state police said. The car plunged from the road, struck a tree overturned and began burning.

Passerby rescued the men.

The first post war all spring steel lawn rakes now available at Marshall-Wells, on the Plaza.

Eight Babies Born Here Last Week

Eight babies were born at the Community Hospital this past week. The following are the proud parents:

Mr. and Mrs. Raymond James Stubblefield, Ashland, 8 pound 5 ounce boy, May 27, named Carl Leon.

What our \$400,000,000 five-year expansion program means to you

More than \$100,000,000 Construction Planned for 1946

If you are waiting for a telephone... you may be certain that getting one to you just as rapidly as possible has top priority in our plans. We are working full speed on buildings, cables, switchboards and other equipment needed to provide service for everyone who is waiting... and to make service even better for every telephone user.

If you are a farmer... you may expect the extension of telephone service in rural areas. New methods and new developments will be used, including high-strength steel wire, power line carrier equipment and possibly radio for remotest locations. You may also expect fewer parties on the lines, fewer rings for other parties and other service improvements.

If you use Long Distance... you may look forward to an even better and faster service than ever before. We are working on our part of a nation-wide coaxial cable network for long distance calls and television transmission. Equipment will be provided for nation-wide operator dialing of toll and long distance calls and for customer dialing of toll calls between some communities.

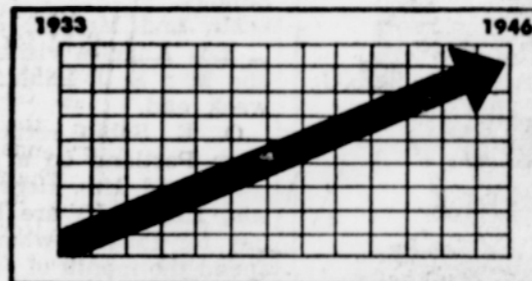

Thousands of jobs... millions of man hours of work... will be created by this program, the largest in our company's history. Our total plant investment will be increased to more than a billion dollars. For it is our purpose to provide an ever-widening, ever-improving telephone service... to grow with the West and to help the West grow some communities.

Every day we seek to make telephone service even better than it has ever been before

The Pacific Telephone and Telegraph Company

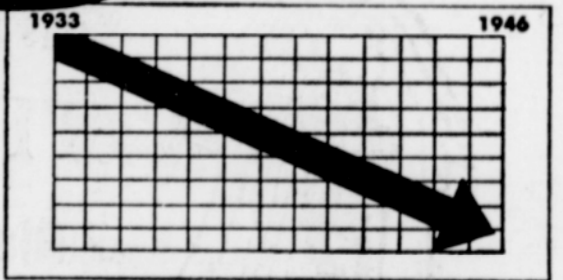

Food Costs are UP, but...

Greyhound Fares are DOWN

40% Lower since 1933

Yes, in spite of higher living costs—and higher operating costs—Pacific Greyhound fares are lower than ever... BECAUSE Greyhound service in Oregon is being steadily expanded!

Riddle? No... it works this way—As Greyhound provides increased service for Oregon Communities, more and more people ride Greyhound buses.

Greyhound can carry 35 passengers for no more than it costs to carry 25. It costs little more to operate a depot for six buses a day than it does for four... and so on. If more people ride, Greyhound's costs go down. And Pacific Greyhound passes this saving on to the people of Oregon... in the form of lower fares and better, more frequent service than ever.
