According to city officials who have developed the plan after

hearing recommendations from who made a survey of the water A. D. Harvey, consulting engineer situation in June, the water proposal will immediately take approximately \$250,000. This will be used to install a filtration plant to improve the present water supply, to cover the Crowson Hill reservoir, to build a new covered distribution reservoir in the canyon adjacent to the present lower reservoir, and to build one and perhaps two other distribution reservoirs on Holly and Scenic drive. This will handle the water load for a community

of 7000 people. Wednesday of this week. Ashland the remainder of the money, some \$400,000 will be reinvested in gov ernment bonds. This will aid, council members state, in carrying the bond issue as they will be taken up at an interest rate of 11/2% whereas government bonds will return two or better. This money will then be on hand to increase available water as the city grows. \$1 will not be spent except by public approval.

Reason for the present low rate Four-H Club Camp for Jack- Briggs, city attorney who discussson County opened July 22 at ed the matter wih the state treasurer, is the fact that municipal bonds are tax free and thus
