Grain Production
In 1930, five bushels of corn were
raised in the United States for every
bushel of wheat. Illinois led the
corn production with 115,174,777
bushels and also the wheat with 23,-
837,023 bushels.

Intellectual Center
There are no important industrial
plants in Peiping; it has been re-
nowned as an intellectual and po-
litical center. In normal times,
55,000 students, many of them wom-
en, attended the universities.

Draw Pay
It is stated to be traditional in
the coal fields that a miner may
draw upon his pay after any or ev-
ery working day.

Farm Fatalities
In 1944, 4,300 farm workers were
killed on the job, and 4,300 farm
residents were killed in motor ve-
hicle accidents.

Exude Water
Almost a quart of water leaves
the skin during one day of ordinary
weather and more than a pint per
day is exhaled in the breath.

Easy to Raise
Strawberries are the easiest of
the small fruits to raise because no
spraying is necessary and there
are no pruning problems.

Import Sugar
The U. S. produces about 25 per-
cent of the sugar it uses. It im-
ports 75 per cent mainly from
Cuba, Puerto Rico and Hawaii.
