Southern Oregon To Play Portland At Grants Pass

Southern Oregon college's unbeaten and untied football team will meet the University of Portland's Junior varsity at Grant's Pass during the evening of Saturday, November 16. This is the last scheduled game of the season, Coach Al Simpson said, although there is a possibility that another game will be played on Thanksgiving day.

New Chairman for Pacific Telephone

The Directors of The Pacific Telephone and Telegraph Company announced, following their meeting on November 7, 1946, that President N. R. Powley had been elected Chairman effective January 1, 1947.

The advancement of Powley recognizes his outstanding career in his thirty-ninth year of telephone service and the many important contributions he has made to the company and to the public, directing always, as he has, the telephone organization in the five Pacific Coast states on the principle that public interest comes first.

Powley will have served twelve years as president on January 1, 1947.

Following World War I, Powley was in Los Angeles and played a leading part in the development and rehabilitation program of the Southern California Telephone Company, the principal subsidiary of the Pacific Company.

Powley has seen the Pacific System grow since he became allied with it in 1912 from 14,000 employees to over 62,000 in 1946; from 500,000 telephones to over 3,000,000; from a telephone plant of \$75,000,000 to over \$700,000,000. It has a huge construction program of \$130,000,000 this year and \$200,000,000 in 1947.

Mark R. Sullivan, who will succeed Powley, is now President of The Chesapeake and Potomac group of Bell System companies with headquarters at Washington, D. C. Sullivan is well known throughout the Pacific Coast, most of his experience having been with The Pacific Telephone and Telegraph Company. Like other Bell System officials he came up through the ranks.

The Old Timer Says

Of all the ills that mortal flesh is heir, there's nothing more depreciable than a common cold. Yes, a common cold. It is no respecter of persons - rich and poor, high and low. Even President Truman went to bat last week with a head cold.

To sum it up a person afflicted with a cold snuffles and sneezes, snorts and wheezes like Espee engines making the Ashland summit. His friends shun him as an outcast and he feels like the last nickel of a miss-spent fortune.

When sure-cure remedies bring no relief, he finally tries a panacea in vogue in grandmothers day. He anoints his chest with goose grease, inhales camphor, imbibes copious drafts of hot herb tea and tops the procedure with a foot bath of hot water and mustard. He then seeks his downy couch. When he emerges in the morn from a mountain of covers, we find that his cold has vanished and he feels like a new creation. Although Webster defines a cold as "afflicting the sense of smell", it is not to be trifled with and should receive prompt medical attention. A cold is not to be sneezed at.

Elda Carlisle had the misfortune to lose her trombone after the game Friday night. Now everyone in the band is looking for it. Its too bad that something like that had to mar the bands performance on the field that night. Overheard comments by students made the band feel very gratified and all the work put out, well worth it for the result.

Friday's pep assembly was another in the series of exceptional stunts put on due to the efforts of our cheer leaders, Virginia Lutz, Marilyn Miller, Shirley Weitzel and Earline Morgan put on a hilarious stunt using the Medford pep club as their theme. And Charlotte Crowson's cat stole the show as he posed as the "Medford Tiger".

Just to get everyone thoroughly confused, Gordon Gwinn, and Dorothy Elhart were at the game Monday in Medford but not together? and George was with Lillian again, and Ann Pirtle was there but the arrangements were all too confusing so we'll let you figure it all out.
