Lumber Granted To College

The Pear Bowl is now under way! Through the Educational Facilities Agency of Seattle of the War Assets Administration \$5000 worth of lumber has been granted to Southern Oregon College. The lumber assortment consists of a large variety of surplus materials left over from the war-time facilities of Camp White. This donation solves one of the basic problems of the Pear Bowl project—the cost of lumber.

Hauling of the building materials from Camp White to Ashland began on Saturday.

"WART" THE SPEED COP—By Steve's Union Service

HEY, FLAT-FOOT, WHY'S THE BANK SO FULL O' MONEY? IT'S CAUSE EVERYBODY'S PROSPEROUS, BIG-HEAD!

NOT—IT'S CAUSE EVERYBODY SAVES SO MUCH TRADIN' AT STEVE'S UNION SERVICE!

WHO DON'T KNOW THAT?

For all the jobs use

ELECTRICITY

it's economical...efficient!

Wherever you employ electricity, you use the best, most efficient, most modern method known to man.

Whenever you use electricity exclusively for the big time-and-energy consuming jobs like Refrigeration, Cooking, Water Heating, Laundering, etc., you employ the best method at its cheapest! It's wise to use electricity for any job...wiser to use it for more jobs...wisest to use it exclusively for ALL the jobs.

GO ALL-ELECTRIC: You can rely on electricity to do each job better. When you use it exclusively for all the jobs, it costs less per job than any other method. Yet electricity does them ALL better, faster, safer, cleaner, more efficiently.

THE MORE YOU USE - THE LOWER THE PRICE
