From where I sit... by Joe Marsh

Prissy's Got a Man! (Maybe)

Yesterday Sis Martin, our librarian, found an article cut from their file copy of the *Clarion*. When she compared it with another copy that I gave her she found it was my column on "How to Keep a Husband Happy."

Nothing unusual about that. Except the last person seen reading the paper was Prissy Hoskins (our town's proverbial Old Maid)!

Well, if Prissy has finally got a man, more power to her. And more tolerance to both of them... because that's what my column was

about: Tolerance of a husband's taste for old hats, old pipes, old friends, and mellow beer. And tolerance on the husband's part of a wife's tastes and habits.

From where I sit, nobody begrudges Prissy taking that clipping from the *Clarion*. But I'd like to hint that if she'd just subscribe, she'd get my thoughts on tolerance firsthand. And in return I'll treat her to a glass of beer.
