Donkey Baseball at Talent Saturday

Talent, July 14 — The Talent Lions and Veterans baseball teams played a game of donkey baseball Saturday evening for the enjoyment of all those present except the two teams. The Lions team was composed of Loren Casbier, catcher, Bob Hutchinson, pitcher, Monty Barnette, first base, Ernie White, second base, Ernie Allen, third base, Harold Strauss, short stop, Herman Gerber, Harold Kenyon and Charles Lakey, fielders. The veterans team was made up of Harold Culver, catcher, John Butler, pitcher, Jack Burdell, first base, Gordy Williams, second base, Tex Ripker, third base, Joe Fenton, Jr. short stop, Lee Boyd, Dea Cox and Connie Walte, fielders. The game ended in a tie with both teams scoring twice. The Lions cleared \$68.00 on the tenderfoot test, took a hike Saturday afternoon.

Going the rounds of Talent gossip is the story of our catfish fishing champion. It seems that one of our outstanding citizens went fishing on the Rogue a few days ago with a heavy line and plenty of hooks. He threw out the line and snagged something, which, although it didn't show much fight, still didn't seem inclined to let go of his line. So what did he do but drag in a sack of drowned cats.

The city fire dads are burning off the vaunt lots and other fire hazards around town.

Mrs. Frank C. Leaming and children have arrived to join her husband who has been staying with his mother, Elizabeth Leaming while looking around for a permanent location.

All scouts who had passed the tenderfoot test, took a hike Saturday afternoon.

Talent Plans For Harvest Festival

Talent, July 14 — At the last meeting of the Talent Grange, H. D. Moore, V. D. Miller, and Henry Gale of Ashland Realty Board presented plans for Ashland Fall Festival jubilee. Space has been allocated for a booth from the Talent district and organizations or individuals planning a display are asked to contact Master Floyd Lacey or the following committee members: grain and hay, L. H. Gallatin or W. W. Robison; raw fruits, Mrs. Loyal Bates; vegetables, George Hartley or Steve Lunak; flowers, Margaret Hamilton or Ethel Lacey; art, Mrs. Elva Newman or Ima Redmon; Ruth Strauss and Phoebe Beers are to arrange a skit for the last night of the jubilee. Officers of the grange are on a committee to arrange the booth.

Talent water users are being allowed to run the water from 4 p.m. to 8 p.m. instead of from 4 p.m. to 7 p.m.

How to make a telephone grow

1. If your telephone grew in size as the system serving it grows, it might look like this someday. Since 1940 alone, telephones have increased 75% on the Coast. And the growth continues. Today your telephone is a bigger, more valuable servant than ever. Here's how it got that way.

2. Cables you'll probably never see had to be put in. New buildings, the telephones themselves, complex switching frames... an almost unbelievable amount of equipment had to be provided before the system could grow. We must spend millions of dollars to keep it expanding and improving...to meet the needs of the growing West.

3. Who pays for new equipment? Half a million dollars a day needed to expand and improve comes from investors who put their savings into the telephone business. To continue growing and improving, we must sell our services at fair and adequate prices that provide profits for investors that are fair and adequate.

4. When you make a local telephone call the cost averages less than a nickel. For those few pennies you hire a mighty servant... a bigger servant than ever before. There will soon be twice as many telephones on the Coast as there were ten years ago. They continue to go in rapidly. And each one added makes your telephone that much more valuable.
