From where I sit... by Joe Marsh

How to Get That Homework Done

Miss Gilbert, our grammar school principal, spoke the other night at the regular Parent-Teachers' meeting, on getting children to do their homework when they want to listen to the radio.

"We mustn't give them a flat 'no'," Miss Gilbert said. "If we adults really believe in tolerance and moderation, we should instill these qualities in our children. Listening to the radio is fine—in moderation—as long as homework gets done, too."

From where I sit, the lady was dead-right. This radio vs. home-

work problem is a wonderful way to see to it that our youngsters acquire the sensible moderate habits they'll need later on.

I've never believed in hard and fast rules—except where absolutely necessary. Let the other fellow do as he likes, as long as he's temperate and tolerant. Guess that's why I've never felt we should quarrel with the fellow who is partial to a glass of beer—the "Beverage of Moderation."
