Obituaries...

Mrs. Grace Walker
Mrs. Grace Walker, well known and loved resident of Ashland for many years passed away Sunday at the Ashland General Hospital. Altho she had been in failing health for some time, her death came as a shock. During her lifetime of service she had been active in many church and philanthropic groups and was a member of the Methodist church, Mt. Ashland chapter of the D.A.R., the W.C.T.U. and the Eastern Star.
Mrs. Walker was a native of Bristol, Wisconsin and was married to Rev. Otto Dreys, a Methodist minister, who died in 1918. In 1928 she married Frank Walker of Grants Pass, who survives her. A niece, Mrs. M. L. Carter and a nephew, Frank S. Walker of Sacramento are her only other living close relatives.
Services were held at the Littlewiller Funeral chapel on Tuesday afternoon with Rev. Robert McIlvanna officiating and interment following in the Mountain View cemetery.

HAVE FAMILY DINNER
On Sunday the Freemans entertained with a family dinner at which time their other daughter, Mrs. Fred Gardiner and her husband and daughter from Medford were present. Others who were guests for the Easter dinner were Mrs. Freeman's parents, Mr. and Mrs. Harvey Bullis, Mr. and Mrs. C. J. Foster and John Freeman all of Ashland.

A Lecture
on
Christian Science
Entitled
Christian Science: The Way of Freedom
by
Arthur Perrow, C. S. of Chicago, Illinois

Member of the Board of Lecturship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

Freedom from human fears, confusion, and other discords can be won by recognizing the presence of God, acknowledging His nature, and finding out the truth about man, an Ashland audience was told Saturday evening in a Christian Science lecture.

The lecturer, Arthur Perrow of Chicago, Ill., declared that "the confusion generated by mortal mind, its bewilderment, fears, and anxieties, can be put off when we accept the divine as the only presence, as our only consciousness." His talk was sponsored by First Church of Christ Scientist and was given in the Church Edifice.

Mr. Perrow, who for years has devoted himself to work in Christian Science, is a member of the Board of Lecturship of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass. He spoke on "Christian Science: The Way of Freedom." Mrs. Hazel Perrine introduced him. Partial text follows.

The subject of this lecture is based on many Scriptural passages such as, "Acquaint now thyself with him (God), and be at peace: thereby good shall come unto thee" (Job 22:21). In the consciousness of the nature and presence of God who is closer to each one of us than all else in the world, is our freedom as sons and daughters of God.

If men really understood God instead of having mere belief in a vague far-off being—that is, if they knew that God is the only power and the only intelligence, which the real man reflects, this consciousness would dispel the human and mesmeric tendencies toward strife, hatred, wars, fear, and other discords.

The world is far from being unified in its concepts of Christ Jesus, his mission, his teachings and their usefulness. Jesus was a human whose name was similar to that of other men of his day, but the Christ was and is the truth which Jesus taught and practiced and to which he referred when he said, "Before Abraham was, I am" (John 8:58).

A study of Jesus' words and works in the light of Christian Science makes logical and demonstrable the great teachings he left for his followers, not only of his immediate day but for all time. His instructions are clear, unmistakable, and direct.

Man, made in the image and likeness of God, is forever spiritual, ageless, deathless, sinless. It is this recognition of man which enabled John to say, "Whoever is born of God doth not commit sin; for his seed remaineth in him; and he cannot sin, because he is born of God" (I John 3:9).

One of the most precious gifts to humanity, one that remains forever individual, is the ever-available opportunity to pray.

The prayer of true and individual communion with the divine Mind, or God, is the greatest and most productive of all meditations. It brings us the clear realization, and consequently the clear evidence, of the divine presence and God's ever-operative law of harmony. It shows us the open fount of refreshment.

Healing the sick through Christian Science is the application of the law of God which adjusts human conditions according to the divine Principle of true, harmonious, and everlasting being. Man's true & only being is everlastingly harmonious. God made it so! The human mind questions healing through spiritual means, but in regard to this as well as other manifestations of God's ever-operative law of harmony and perfection, it may be stated in Biblical language, "The natural man receiveth not the things of the Spirit of God: for they are foolishness unto him: neither can he know them, because they are spiritually discerned" (I Cor. 2:14).

Christian Scientists have a deep feeling of love and gratitude for the Discoverer and Founder of Christian Science, Mary Baker Eddy, whose zeal and love for all mankind and, above all, whose love for God and His Christ, led to her discovery of Christian Science—the full revelation of the glorious truth which Jesus said would make us free.

Knowing God and man is the way of freedom—freedom from fear, from sin and sickness; freedom from lack and limitation. In the loving words of Mary Baker Eddy (Science and Health, p. 227), "Citizens of the world, accept the 'glorious liberty of the children of God,' and be free!"
