

## Vegetarians

The dinosaur might be called the "father of the vegetarians." Despite his great size, sometimes more than 40 tons, the monster fed only upon the tender leaves and foliage of tree tops.

## Low Cost Essential For Farm Building

## Concrete Blocks Filling Farm Construction Needs

Concrete blocks are being used more and more in the construction of farm buildings, according to American Builder magazine.

They have been found very serviceable for dairy barn construction, low in first cost and in upkeep.

Attributes that contribute to concrete's value as a building material on the farm are its durability, cleanliness, and weather and insect

resistant qualities. Concrete foundations, masonry unit walls, concrete floors, and precast floor joists can be utilized to construct enduring farm structures and to repair old ones.

If a dairy barn is well-constructed and insulated, body heat of the cows would keep interior temperatures at 45 to 50 degrees in almost any kind of weather.

Lightweight aggregates in monolithic concrete or in masonry units, vermiculite floors and underlayers, hollow core walls, and masonry units with granular loose-filled cores all have qualities that can contribute to the efficiency of rural buildings.

Less Than Half of U.S. Farm Homes Have Baths

Less than one-half of the nation's more than 4,000,000 farm homes have baths and only half of the rooms are heated, a study of rural housing accommodations revealed.

Excessive standardization to relieve early postwar housing shortages resulted in the building of mediocre farm homes of rectangular, box-like design with too small rooms, too little privacy and absence of adequate plumbing and heating facilities.

However, under impetus of a U.S. department of agriculture program, farm house plans have recently been developed that are expected to fulfill the fundamental requirements. The new plans call for space, equipment and storage facilities in proportion to the number of persons in the family.

Coupled with the benefits of a 10-year electrification program that has brought electricity to 75 per cent of the farm homes, this new home designing will open an untapped market for manufacturers of automatic equipment and home appliances.

Thousands Have Been Helped by HADACOL whose systems lacked Vitamins B, B<sub>12</sub>, Iron, and Niacin. The HADACOL formula is so effective for stomach distress, certain nervous disorders, insomnia due to upset stomach, nagging aches and pains, and a general run-down condition when these troubles are caused by such deficiencies.

Give HADACOL A Chance

... to help you, as it has helped thousands of others if you suffer such deficiencies. Remember, there are no substitutes for HADACOL. Always insist on the genuine HADACOL. No risk involved. Buy a bottle of HADACOL, either the trial size, \$1.25, or the large family or hospital size, \$3.50, and if HADACOL doesn't help you, you get your money back.

If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, Louisiana. Send no money. Just your name and address on a penny post card. Pay postman. State whether you want the \$3.50 hospital economy size or \$1.25 trial size. Remember, money cheerfully refunded unless you are 100% satisfied.—Adv.

Clarence L. McKinsey, 727 South Ludlow Street, Dayton, Ohio, who is night supervisor of hospital attendants at the Ohio State Hospital in Dayton, says a man has trouble getting used to working nights and sleeping days. And if a man isn't getting the proper rest it not only makes him groggy on the job, but also makes him feel poorly the rest of the time. This will never happen to him again, says Mr. McKinsey—now that he is taking HADACOL. His system lacked those necessary Vitamins B, B<sub>12</sub>, Iron, and Niacin, which HADACOL contains.

Here is Mr. McKinsey's own statement:

"Before I started taking HADACOL I had a great deal of trouble with a nervous stomach. I had an awful hard time sleeping—I would just roll and toss all night. It affected me during my working hours, too—I was restless and nervous all the time. My nerves were so jumpy that the least little thing would put me on edge. I was just beside myself in knowing what to do. Then I heard how other folks that were nervous and rundown were being helped by HADACOL. I decided to try HADACOL. Now, after 10 bottles of HADACOL, I feel fine; in fact, I think so much of HADACOL I would walk 5 miles for a bottle of HADACOL—I'm not exaggerating. Why, the way I sleep and the appetite I have are marvelous. The best thing is that my nerves are calm as they can be. I just can't praise HADACOL enough."
